

GAYNOR IN FAVOR ON GOVERNORSHIP

New York Democratic Com-
mittee to Select Date
for Conyention.

WILL REMAIN OUT OF STATE FIGHT

Colonel Roosevelt Doesn't
Think He Has Been En-
couraged to Get In.

Saratoga, N. Y., Aug. 19.—The dem-
ocratic state committee will meet at
the Grand Union hotel tonight to fix
a time and select a place for holding
the democratic state convention. The
indications are that the convention
will be held in Saratoga following the
adjournment of the republican state
convention, which meets September
27.

While the name of Mayor Gaynor
was most frequently discussed by the
members of the committee today as a
possible candidate for governor, there
were several others mentioned. They
include: Thomas M. Osborne, of Au-
burn, chairman of the democratic
league; former State Comptroller Mar-
tin H. Glynn, of Albany; Congressman
Wm. Sulzer, of New York; Edward M.
Shepard, of Brooklyn, and Judge Mar-
tin J. Keogh, of Westchester, and ex-
Judge D. C. Cady Herriek, of Albany.

OUT OF STATE FIGHT, But Roosevelt Hasn't Committed Him- self as to 1912.

New York, Aug. 19.—Col. Roosevelt
made it clear today to his friends that
the report to the effect that he did not
intend to take any part in the coming
state campaign was well based. As
the colonel put it, he did not think he
had been encouraged to take an active
interest by the action of the state
committee in turning down his name
for temporary chairman of the con-
vention.

His close friends are the authority
of the statement today that Col.
Roosevelt has never indicated by the
slightest word what his intentions are
with regard to 1912. The colonel,
however, has always said that he re-
serves the right to engage in any sit-
uation at any time whenever he feels
that his policies demand it.

Col. Roosevelt put in a busy morn-
ing today receiving callers at his of-
fice conferring with Congressman
Hamilton Fish, of New York; Con-
gressman Cocks, of Oyster Bay; Gen-
eral James S. Clarkson, former sur-
veyor of this port, and John A. Stew-
art, president of the league of repub-
lican clubs of this state.

County Chairman Lloyd G. Griscom,
who led the fight for Col. Roosevelt in
the state committee, plans to see Pres-
ident Taft at Beverly within a few
days, it was learned today. Mr. Gris-
com took a prominent part in the
conferences with Collector Loeb and Col.
Roosevelt at Oyster Bay yesterday and
the proposed visit to Beverly is a
choice morsel of speculation among
politicians today. Doubtless Mr. Gris-
com will inform President Taft of the
various proceedings of the state com-
mittee meeting on Tuesday.

MAY GO ON AS POPULIST.

Omaha, Neb., Aug. 19.—Although
Governor Shallenberger apparently has
been defeated by Mayor Dahlman for
the democratic nomination he may still
go on the ticket as the populist nom-
inee. Governor Shallenberger was the
only candidate for the gubernatorial
nomination in the populist primaries.

WARRANTS OUT FOR THREE FORMER OFFICIALS

Illinois Central is After
Men in Alleged Car
Repair Graft.

Chicago, Aug. 19.—On complaint of
President Harriman, of the Illinois
Central Railroad company, warrants
were sworn out today against three
former officials of the road, charging
the obtaining of money by means of a
confidence game. The men named in
the warrants are Frank B. Harriman,
Charles L. Ewing and John M. Taylor.
The warrants are based on alleged
information obtained by detectives em-
ployed in the so-called million dollar
car repair graft.

Harriman was formerly general
manager of the road, Ewing superin-
tendent of lines north of the Ohio
river, and Taylor superintendent of
stores. It is said that there have been
several confessions in the graft case.
A new line of inquiry may be opened
up outside the alleged car repair
swindles. Huge sums are said to have
been obtained illegally in new con-
struction work.

Harriman and Ewing were arrested
this afternoon. Their bonds were fix-
ed at \$10,000 each.

WASHINGTON HAS MADE NO PROTEST

Expects Hourly to Hear of
Japan's Annexation
of Korea.

ONE TREATY WILL NEED ADJUSTMENT

Oriental Authorities Keep
Silence and Maintain
Strict Censorship.

Washington, Aug. 19.—Dispatches
are expected hourly at the state de-
partment from the orient telling of
the announcement of an arrangement
for Japan to take over the empire of
Korea, forecasted by Ambassador
O'Brien at Tokio.

The American government thus far
has made no protest concerning the
Japanese domination in Korea. One
treaty that has been considered im-
portant by the American government
gives to the United States extra-terri-
torial jurisdiction over Americans in
Korea. Such jurisdiction is not recog-
nized in Japan and should Korea be
taken over it would be necessary for
the two governments to adjust this
subject.

JAPANESE OFFICES ACTIVE.

Censorship on Rigid Basis and No
News Leaks Out.

Seoul, Korea, Aug. 19.—Though
nothing official can be learned con-
firming the reports that negotiations
for the annexation of Korea by Japan
are now proceeding, many signs in-
dicate that annexation is imminent.
Long conferences between officials are
constantly in progress, visits are fre-
quently interchanged, and great ac-
tivity is noticed in the Japanese offices.
The censorship has been placed on
an even more rigid basis than before.
The Tokio newspapers containing re-
ports on the situation in Korea are
confiscated at Pusan upon their ar-
rival in this country.

The entire country has been placed
under a strong military guard.

TOKIO WILL NOT TALK.

Tokio, Aug. 19.—The authorities here
maintain complete silence regarding
the reports of the impending annexa-
tion of Korea, published in special
editions of the Tokio papers. They
decline either to confirm or deny the
imminence of the annexation.

WOULD HAVE CANADA PART OF UNITED STATES

Annexation Urged by Que-
bec Nationalist
Leader.

Antigonish, N. S., Aug. 19.—Annex-
ation of Canada to the United States
by Canada was advocated today in an
address by Henri Bourassa, M. P., the
nationalist leader of Quebec, before
the summer school of science of St.
Francis Xavier college.

The speaker dwelt at length with
the four possible destinies of Canada.
Remaining in the position in
which she is at present, he regarded as
very improbable; imperial federation,
which would be an unwieldy and un-
workable condition; annexation to the
United States and independence.

"Imperial federation meant an im-
perial council with a preponderant
British influence," said Mr. Bourassa.
"Conditions today in Canada make for
annexation rather than for imperial
federation. The penetrative influence
of trade by rail and coastal lines, the
mental propensity of the two peoples
living under the same or similar con-
ditions industrial and social, the con-
stant intercommunication of Canadians
and Americans are all powerful fac-
tors making for annexation."

TWO LOCK COMPANIES INQUIRE

One in Buffalo and One in Waukegan
Ask About Fort Wayne.

Secretary Biederwolf, of the Com-
mercial club, is in receipt of inquiries
from two lock companies in regard to
the opportunities offered for locating
here. One is from the Durand Steel
Lock company, of Waukegan, Ill., and
the other from the Chimax Lock
and Ventilator company, of Buffalo,
New York. The plant of the former
company burned down several months
ago and the officials ask about the
shipping facilities from Fort Wayne.
The Buffalo concern asserts that it
needs additional space and asks about
both shipping facilities and labor con-
ditions. Secretary Biederwolf sees
difficulties. Secretary Biederwolf feels
can be brought to locate here.

THE WEATHER.

Washington, Aug. 19.—Ohio—Fair
tonight and Saturday; moderate north
winds, becoming variable.

Lower Michigan—Fair to tonight
and Saturday; warmer in north and
west portions tonight; light, variable
winds.

Indiana—Generally fair tonight and
Saturday; moderate temperature; light
variable winds.

Illinois—Fair tonight and Satur-
day.

PRESIDENT SEES HOSTS OF TAFTS

Some Were Brunettes and
Some Redheaded in
Assortment.

"HAD ALL SORTS IN FAMILY," SAID HE

Nation's Executive Pays a
Visit to Haunts of
His Ancestors.

Hopedale, Mass., Aug. 19.—For four
hours today President Taft motored
and walked through the haunts of his
ancestors. Leaving here at 9 o'clock
this morning he went to Mendon,
where the Taft family first settled, to
Uxbridge and to several other places
in between. At each town he met
hosts of Tafts, some near cousins and
some distant. Some were brunettes
and some redheaded.

"We had all sorts in the family,"
laughed the president. The president
stood for some time beside the tablet
erected at Mendon in honor of the
founders of that place, the name of
Robert Taft, the youngest of the fam-
ily in this country, being prominent
in the list. "While at the tablet the
president held an impromptu recep-
tion and had the privilege of naming
the youngest member of the Taft fam-
ily, a two weeks' old baby, the son of
Clarence Taft. The proud young
mother had the babe in her arms as
the president bestowed on it the name
of Robert. "And I hope," said the pre-
sident, "you will grow up to be a com-
fort to your mother and father."

Where Washington Stopped.
Next Mr. Taft visited the old church
where his ancestors worshipped and
the burying ground, where many
stones stand in their memory. Near
Uxbridge the president stopped for
some time at the quaint old home of
Miss Sarah Taft, where George Wash-
ington spent a night in 1789, when on
his way from Boston to Hartford. Mr.
Taft stood for quite a while in the
room which Washington used.

President Taft lunched with Gov-
ernor Oraper and left this afternoon
for Beverly. Neither the president nor
Secretary Norton would comment on
recent dispatches from Oyster Bay.

Rainy weather greeted President
Taft on this, his second day of his
visit to Governor Draper. The down-
pour was not allowed to interfere
with the plans, however, and the pre-
sident left shortly after 9 o'clock for a
trip through the cotton machinery
factories here and a view of the model
tenements surrounding them. Later
the president motored to Uxbridge
and Mendon, where his ancestors lived,
returning to Governor Draper's home
for luncheon. He planned to start
back for Beverly in his automobile.

TO LEAVE HOSPITAL VIRTUALLY WELL VERY SOON

Wound in Mayor Gaynor's
Neck Nearly Healed;
Slight Scar.

New York, Aug. 19.—Mayor Gaynor
awoke today from a refreshing night's
rest and seemingly much improved in
spirits and strength. His physicians
said he had a fine night. Mr. Gaynor
will leave the hospital in Hoboken
within ten days practically cured, one
of his attending physicians said this
morning.

The physicians further stated that
there are no present indications nec-
essitating an operation and that the bul-
let, lodged in the neck, gave the mayor
no inconvenience and would not if it
remained there the rest of his life. The
bullet probably would become en-
cysted, the physician said and the
worst that could be looked for would
be a slight suppurative and that could
be as easily treated as a case of
quinsy sore throat. The wound in the
mayor's neck is nearly healed and the
scar that will be left will be hardly
noticeable.

Frank B. Offner, a machinist who
was badly injured some days ago at
the Fort Wayne Electric works, is re-
ported quite sick.

READY FOR TRIP TO CONVENTION AT ST. PAUL

Commercial Club Committee
to Study Commission
Government.

At least five members of the com-
mittee on commission government re-
cently appointed by President F. A.
Bandal of the Commercial club will
meet in St. Paul next Wednesday
morning at the Ryan hotel and will
spend the next several days in at-
tending the convention of the League
of American Municipalities which begins
there Monday.

On Wednesday the discussion of
commission form of city government
will be taken up and the local men
will be there for the purpose of be-
coming better acquainted with the
idea. Following the St. Paul meeting,
they will probably return home by way
of Des Moines and Davenport, Iowa,
where that type of government is be-
ing used.

Those of the committee who have
already decided to make the trip are
S. M. Foster, C. B. Fitch, W. H. Sham-
baugh, T. E. Ellison and C. R. Lane.
Some of these gentlemen are now out
of the city, but they will all meet in
St. Paul Wednesday.

MISHAP MAY SOLVE OLD MYSTERY OF SEA

Harpoon from Lost Vessel
is Found Imbedded
in Whale.

Philadelphia, Pa., Aug. 19.—A seven
years mystery of the sea may be solved
through a mishap to the German
steamship Pallanza, which struck a
whale at sea, nearly cutting the mam-
mal in two and disclosing a harpoon
believed to have been used by the
whaler James T. Duncan, which
was lost in 1903. The Duncan sailed
from Halifax with a crew of seven men
in the spring of that year and has not
since been heard from.

Captain Fenit, of the Pallanza,
which has arrived here from Hamburg,
reports that he ran into the whale
August 1. The monster was firmly
impaled on the prow of the steamer
and died after a terrific struggle. Nine
members of the crew were let down to
chop away the carcass and one of the
sailors found the harpoon imbedded in
the whale.

Upon the end of the harpoon was an
iron band stamped "J. T. D. 1-02."
Captain Fenit keeps a close watch
of the whale and he came to the conclu-
sion that the whale may have been re-
sponsible for the loss of the Dun-
can.

"I think it perfectly safe to say that
the Duncan drove this weapon into the
whale and in the struggle which fol-
lowed was sunk by a blow from the in-
furiated monster's tail. You'd think
so, too. If you had seen that whale
die."

Valparaiso, Ind., Aug. 19.—The thirty-
seventh annual commencement ex-
ercises of Valparaiso university were
held last evening at the college audi-
trium before 2,000 people. The address
was made by Dr. Charles H. Kayes, of
New York city. President H. B. Brown
conferred degrees on a class of 1,152.

SAYS INDIANA IS GIVEN "RAW DEAL"

Attorney General Bingham
Scores Department of
Agriculture.

WILL CARRY THE CASE UP TO TAFT

Declares Officials Are Ham-
pering State in Fight
for Pure Food.

Washington, Aug. 19.—Asserting that
he had been thwarted every way pos-
sible in his efforts to uphold the laws
of his state against the sale of food
containing benzoate of soda, and an-
nouncing that he would appeal to
President Taft, a scathing denunciation
of the department of agriculture, official
was given today by Attorney
General Bingham, of Indiana.

The scoring occurred in the hearing
held here today in connection with the
case of Williams Brothers and others
against the board of health of Indiana.
Dr. Harvey Wiley, chief of the bureau
of chemistry and a sworn enemy of
benzoate of soda as a preservative, being
under cross examination at the
time.

Bingham Hits Out.

"The state of Indiana, which is seek-
ing evidence in its defense against the
suit brought by food manufacturers
because Indiana prohibits the sale of
foods containing benzoate of soda as a
preservative, has been given a raw deal
by the department of agriculture," de-
clared Attorney General Bingham.
With great earnestness he continued:
"The officers of the state of Indiana
have been hampered in every conceiv-
able way in their efforts to obtain this
evidence. I intend to make a report
of the matter to Secretary Wilson, of
the department of agriculture and to
take the matter to President Taft him-
self."

"When I applied to the department
of agriculture to send Dr. Wiley and his
assistants to Indiana to testify in the
case which has been brought
against the state by the manufactur-
ers, the request was refused. Yet the
department permitted and requested
the members of the Rensselaer board and
their assistants to testify in the case
against Indiana."

Put Difficulties in Way.

"The department said if I wanted the
testimony of Dr. Wiley and his assis-
tants, I would have to come here and
get it. When we came here this week
for that purpose the department, with
Acting Secretary Hayes at its head,
informed us that we would have to get
a court order to compel the experts
of the department to testify. We ap-
peared in court and the department
was represented by counsel to prevent
our getting this testimony. But the
court decided in our favor and Jus-
tice Barnard issued the order."

"I have applied for the original docu-
ments on file in the department deal-
ing with the investigation of benzoate
soda and was told that I would have to
have a court order for these too."

Later in the day the documents de-
manded by Attorney General Bingham
were furnished by the department of
agriculture. Attorneys for the plain-
tiffs examined Dr. Wiley at great
length today in an effort to show that
he was not competent to give testi-
mony on the subject of human
metabolism. Dr. Wiley gave prompt
replies to the long series of questions.

NEED MORE TROOPS TO COPE WITH FIRES

Blazes in Forests of Mon-
tana Continue to Spread
Rapidly.

Washington, Aug. 19.—Forest fires
in Montana are spreading and ten ad-
ditional companies of troops are need-
ed to meet the situation, according to
telegrams received today by the in-
terior department and forest service from
their field agents.

TWO HUNDRED REPORTED.

Forest Fires in Washington Have Hurt
Little Good Timber.

Washington, Aug. 19.—Only about
4,000,000 feet of first class green stand-
ing timber has been destroyed by forest
fires in western Washington this
season, according to compilations made
yesterday by D. P. Simmons, chief
warden of the Washington forest as-
sociation. About 20,000 acres have
been burned over this season west of
the Cascade mountains, a large part
of which, however, was logged off.
In addition to the green timber, Mr. Sim-
mons says that thousands of cords of
fire wood and shingle bolts and many
fallen trees that might have been cut
into logs have been burned. So far
about 200 forest fires have been re-
ported in western Washington. The
association in its fight against fires has
employed 500 men in addition to the
125 rangers and patrolmen constantly
on duty, and has built fifty miles of
trail. The sum spent so far in saving
timber totals \$35,000.

Although the season, up to last Sun-
day, was worse than a year ago as to
forest fire risks, Mr. Simmons stated
yesterday that the loss of standing
timber has not been as great as during
the corresponding period of 1909.

BREAD SCOURGE STILL SPREADS

Cholera Epidemic in South-
ern Italy Steadily
Increasing.

ROME PREPARING FOR EMERGENCIES

Week's Record for Russia
is 23,944 New Cases and
10,723 Deaths.

Bari, Italy, Aug. 19.—The epidemic
of cholera which has broken out in
Southern Italy is steadily increasing
in the districts affected, particularly
in the town of Trani where the num-
ber of deaths already is more than
thirty. The latest official reports gave
twenty deaths at Trani, showing the
rapidity with which the disease is in-
creasing there.

The epidemic is of a virulent type
and the death rate is high. Even
graver danger is anticipated from the
flying population of the infected dis-
tricts who may bear the germs of the
disease to regions not yet involved.
Trani seems almost deserted. Fully
one-half of the population has de-
serted the island.

HAS NOT REACHED ROME.

Church to Assist Civil Authorities in
Fighting Epidemic.

Rome, Aug. 19.—Rumors that the ep-
idemic of cholera, which has broken out
in Apulia had spread to Rome are
emphatically denied. There have been
no cases here and the general health
conditions in Rome are excellent, bet-
ter than any time during the past ten
years. Although the danger of infec-
tion is not felt here, the pope today
ordered the Lazaretto of Santa Marta
built inside the Vatican by Pope Leo in
1885 during the great cholera epidemic
at Naples but never used, because of
the absence of cholera patients, made
ready for any emergency. The hospi-
tal instead has been employed to
shelter pilgrims.

The influence of the church is to be
used to assist the civil authorities in
fighting the epidemic. No final de-
cision has been taken regarding the
proposed departure of King Victor for
the cholera region. The king, it is
said, has determined to proceed per-
sonally to the scene if conditions be-
came more serious, in which case
Queen Helena, it is feared, would in-
sist upon accompanying him.

WEEK'S AWFUL TOTAL.

Russia Has Near 25,000 New Cases,
With 10,000 Deaths.

St. Petersburg, Aug. 19.—One week's
cholera record for Russia shows 23,944
new cases of cholera and 10,723 deaths,
bringing the total number of cases in
Russia this year to 112,985. Of these
50,387 have died, the mortality per-
centage being 44.5.

The figures are those furnished by
the sanitary bureau, covering the week
from Aug. 7 to Aug. 13, inclusive, and
are therefore fully official. Reports
from Red Cross sources indicate that
the actual figures are somewhat greater,
as it is a practical impossibility to
register every case in an epidemic of
such proportions.

The epidemic in St. Petersburg
shows a considerable decrease, only
265 cases and 138 deaths having been
reported for the six days ending at
noon yesterday, in comparison to the
577 cases and 238 deaths reported the
previous week. The sanitary authori-
ties of the city believe that from now
on the epidemic will continue its nat-
ural decrease. The total figures for
St. Petersburg since the first cases
were reported June 20, show 2,079
cases and 730 deaths. The mortality
here in the capital, 35 per cent, is
much less than in the southern prov-
inces, owing to the better hospital fa-
cilities.

WAYMAN FINDS TWO OF MEN HE IS SEEKING

Says He Has Identified a
Pair of Investigators
in Browne Case.

Chicago, Aug. 19.—State's Attorney
Wayman admitted today that he had
identified two of the alleged investi-
gators who he declares, are working
for the defense in the Lee O'Neil
Browne case. Their names are Adolph
Cheffer and Fred L. Barker. It is
charged that they are operators of a
private detective agency which has
one hundred men at work for Browne.
Counsel for the defense state that none
of their investigators has been asked
to see the families of veniremen.

Judge Kersten's pessimism as to
conditions affecting the case was in-
creased when the seventh panel of
veniremen was brought into court. De-
spite the widespread publicity given to
his declaration that talking of the case
to a venireman is a felony four mem-
bers of the panel said members of
their families had been questioned con-
cerning themselves, their politics, at-
tentions, etc. They were dismissed.

State's Attorney Wayman did not
indicate what action, if any, he con-
templated with regard to Barker and
Cheffer.

WAS A TEACHER IN THE LUTHERAN SCHOOLS

Miss Emilie Stubnatzy,
Long in Poor Health, Dies
—Other Deaths.

Death this morning removed from earth Miss Emilie Stubnatzy, for a number of years a teacher in the Zion Lutheran school here and a prominent figure in Lutheran circles. She was the daughter of Rev. W. S. Stubnatzy, the first pastor of the Emanuel Lutheran church, whose death occurred about thirty years ago.

Miss Stubnatzy passed away at the age of 53 years, 8 months and 25 days at the home of her sister, Mrs. C. S. Hoffman, 610 Riverside avenue. She had been in poor health for the past five years and her death resulted from a complication of diseases. Before teaching in the schools here, she was a teacher in the Lutheran schools at Jackson, Mich. Refined and cultured, and of sweet disposition, she was a fascinating character to her friends among whom are numbered all her acquaintances.

The birth-place of the deceased was in Homewood, Ill. Three sisters are living, Miss A. Stubnatzy, Mrs. Hoffman and Mrs. George Fischer, the latter living in Aurora, Ill. Funeral services on Monday afternoon at 2 o'clock from the residence of her sister, Mrs. Hoffman, and at 2:30 o'clock from the St. Paul's Lutheran church.

DELANO.

Edward Arthur Delano, aged 61 years, 5 months and 3 days, died at 4:30 o'clock this morning at 887 East Washington street. The deceased had been ailing for the past two years from Bright's disease and his condition had kept him confined to his bed since last November.

Mr. Delano was unmarried and came to Fort Wayne about twenty-five years ago from Sunderland, Mass., where he was born. He was first educated for a physician, but on coming to this city took employment with the newspapers and had ever since been a solicitor. He was recently solicitor for the Journal-Gazette and prior to that time for the Sentinel.

Surviving relatives are two sisters—Mrs. Clara D. Whitmore, of Sunderland, Mass., and Madam Birdie Wing, of 807 East Washington street.

WEBSTER.

Mrs. Cynthia J. Webster, aged 49 years, wife of Ira Webster, employed by the Perfection Biscuit company, passed away at 11:05 o'clock this morning at the residence of her daughter, Mrs. Emmet C. Young, of 1508 Richardson avenue. Death resulted from tuberculosis. The husband and six children survive—Mrs. Young, Mrs. Jesse Miller, and the Misses Wanda, Naomi, Hazel and Marilyn Webster. Funeral services Sunday at 1:30 o'clock from the residence and at 2:15 o'clock from the West Jefferson Street Church of Christ.

BREWER.

Marie, the fourteen months old daughter of Mr. and Mrs. Everett Brewer, 1012 Conklin avenue, died Thursday afternoon following an illness from bowel trouble.

Funeral services Saturday afternoon at 2 o'clock from the residence.

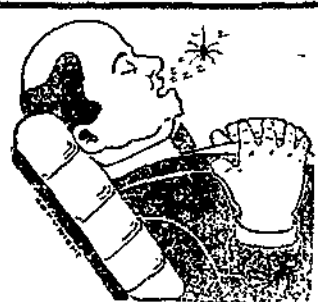

FUNERAL ANNOUNCEMENTS.

Osterman.—The funeral of Florence Osterman will be held Saturday afternoon at 2:30 o'clock from the residence, 905 East Washington street, under the auspices of Ben Hur court, No. 15, of which she was a member.

BELL AIRSHIP GETS AWAY IN FIRST FLIGHT

Successful Ascent is Made
by Fort Wayne Aeronaut
in Trial Trip.

A few minutes after 3 o'clock this afternoon, Persa Bell, the Fort Wayne inventor, subjected his monoplane to a test and the air craft lifted itself high in the air and disappeared over a forest near the Dupont farm where the machine was put together.

There was no one in the car other than Mr. Bell. It was given a flying start by several of the assistants who have been working with the inventor. Those who were nearby say that it glided off very gracefully. The wind is to the north-east and the machine flew in that direction. No report has been received of the machine alighting.

COTTON KING CITED.

Inventor Seeks to Recover Patents for Improvements.

Washington, Aug. 19.—Daniel J. Sully, of New York, the "cotton king," John Hays Hammond, of New York and Washington, and his son, Harris Hammond, were cited today by Justice Gould, of the supreme court for the District of Columbia, to show cause next Friday why they should not return to Lemuel A. Greene, of Greenville, S. C., certain letters of patent issued to him for improvements in cotton grading. Greene had assigned his patent to John J. Welch, of New York as trustee, pending the formation of a cotton grading company, in consideration, he alleges for the payment to him of \$50,000 on the organization of the company and a block of stock worth \$50,000. He declares Sully and the Hammonds had the trustee transfer the patents to the company and issued him the \$50,000 in stock, but declined the cash payment.

OPINION OUSTS MAYOR.

Court Finds Ottumwa, Iowa, Official Guilty on Two Counts.

Des Moines, Iowa, Aug. 19.—Judge K. B. Wilcockson, at Sigourney, today handed down an opinion ousting Thomas J. Phillips as mayor of Ottumwa, Iowa. At the trial of the mayor, held yesterday, it was claimed the official was guilty of wilful neglect of duty in permitting resorts and gambling houses to run, also that he was intoxicated on April 30. On both of these charges the court finds the mayor guilty. A third charge that the mayor is dishonest was dismissed. Mayor Phillips is a leading democrat and was a candidate for governor some years ago.

PACKAGE OF \$2400 MISSING.

So Also is Stranger Who Called at Express Office.

Saybrook, Conn., Aug. 19.—A package containing \$2,400 sent here by express yesterday to be used in paying off laborers employed on construction work at the approaches to the new bridge over the Connecticut river at this point, has disappeared. A stranger went to the express office and called for a package. Afterward the money was missed.

SOLDIERS ENTOMBED.

Mainz, Germany, Aug. 19.—Fifteen soldiers are reported to have been buried by a premature explosion of dynamite during the maneuvers of pioneering troops at Sechtshelmberg today. The pioneers were practicing digging rescuers excavated the soldiers. One of the entombed men was taken out dead and the others were seriously injured.

DAUGHTER IS BORN.

Redding, Conn., Aug. 19.—A daughter was born today to Mr. and Mrs. Osip Gabrilovitch at Stormfield, the home of the late Samuel L. Clemens (Mark Twain). Mrs. Gabrilovitch was before her marriage Miss Clara Clemens, eldest daughter of Mark Twain.

GALE PREVENTS FLIGHT.

Moissant Has Completed Repairs to His Machine.

Chatham, England, Aug. 19.—John B. Moissant, the Chicago aviator, who Wednesday flew with a passenger across the channel in his flight from Paris to London, but was compelled to land, damaging his machine in making his flight yesterday, completed the repairs to his monoplane today. Up to a late hour this evening, however, the gale which had been blowing all day prevented a continuance of the flight.

FEAR FAIR POSTPONEMENT.

Columbus, O., Aug. 19.—Governor Harmon is heading every energy to bring about a settlement of the street car strike here before the state fair opens on August 25. Entries for the fair open Saturday and there is fear, that if the strike is continued, the fair may be postponed. The governor says he will keep the troops here until after the state fair, in case the strike is not settled before that time.

DIVORCEES MEET IN A QUEER FIGHT IN COURT

Custody of Boy Brings on a Big Legal Controversy.

There was rather a queer gathering in the superior court room today, where the question of the custody of the nine-year-old son of William H. Bittsberger and Minnie Snyder, his former wife, was before Judge S. L. Morris, who heard evidence until he said he was satisfied and then he took the matter under advisement until tomorrow.

There were present Bittsberger and his present wife, who had been divorced before she married him; Walter Snyder and Minnie Snyder, his wife, who was one time Mrs. Bittsberger, the boy in controversy and the child of Mr. and Mrs. Snyder. The custody of the boy was given the mother when the decree was entered. The father is trying to get hold of the lad on the charge that he is not being properly provided for. Judge Morris had a talk with the lad, who is an exceptionally bright little chap, and he wants to stay with his mother and this is the question that the judge will solve.

Under the will of Mrs. Eva M. Holwarth, filed today for probate, her entire estate is left to William Holwarth, a son, who is charged with the payment of about \$2,500 to the heirs. This will equalize the division of the estate.

Damage Suits Are Filed.
Robert L. Miller has filed a suit in the superior court in which he asks \$1,000 damages of John F. Brooks, a contractor, alleging that he sustained injuries to his left hand by the fact that a sledge hammer slipped and struck him while he was holding a state being driven at the Forest park boulevard. Colerick and Hogan are his attorneys.

John Erickson alleges in a suit against the Western Gas Construction company that he was permanently disabled by an explosion of gasoline on July 23 of this year, and that his injuries have caused permanent disability. He demands \$5,000. P. R. Colerick filed the suit.

MEDICAL SOCIETY MEETINGS.

The program for the coming season of the Allen County Medical society has been issued and it calls for the next meeting of the society on Tuesday night, September 6th. The program this year includes the names of a number of prominent talkers and a most interesting season is anticipated.

ADDITIONAL SOCIETY

Mrs. Ida Overmyer and Master Edward, son of Mr. and Mrs. J. D. Overmyer, left today for Toledo, O., where they will be joined by Mrs. Louise Gelsamer and will go to Mackinac Island. Mrs. Overmyer will go to Alpena, Mich., and leave the little boy with his parents, who have quite recently moved there. They start for Mackinac tomorrow on the steamer Mackinac.

Mr. and Mrs. C. R. Miller, of Chicago, are visiting Mr. and Mrs. J. G. Hoerner, of 1245 Huestis avenue, and will remain a week.

Mrs. Ernest H. Miller and children, of Chautauk, Kan., are here visiting Mr. Miller's parents, who live on the north side of the city.

Rev. G. N. Eldridge, of Pasadena, Cal., at one time a pastor of the Wayne street M. E. church, this city, spent a few hours here yesterday on his way to Mackinac Island.

Mr. and Mrs. Clark Orr and children, Howard and Arbutus, will leave soon for a two weeks' visit at Petoskey and Mackinac, and on their return home will stop at Cadillac, Mich., to visit Mr. and Mrs. Fred Sautter.

Miss Edith Didrick, a bride-elect of next week, was the honor guest at a party given last evening at the home of Mrs. C. A. Beamer, 520 Little street. The guests presented Miss Didrick with a shower of miscellaneous gifts and in addition to a contest a delicious luncheon was served. The table was decorated very prettily with roses, asters and smilax and Miss Didrick's place at the supper was indicated by smilax and white ribbons. Prizes in the contest were won by the Misses Leacy and Roy. Those who enjoyed the evening were in addition to the honor guest Miss Lillian Didrick, Mrs. Rose Dolan, Mrs. Roy, Mrs. Carberg, Mrs. Didrick, Mrs. Leacy, Mrs. Grace Bailey, Mrs. Evans, Miss Anil, Miss Wood, Miss Hoffman, Misses Blanche, Edie and Mabel Beamer, Mr. and Mrs. Will Goers, Mr. and Mrs. C. A. Beamer and Ernest Exner.

Mrs. Flora Harris and Mrs. Walter Longstaff are entertaining their sister and her husband, Mr. and Mrs. George Lemande, of Las Vegas, New Mexico.

DREAD SCOURGE STILL SPREADS

(Continued from Page One.)

Illness and the experience gained in handling the first big outbreak two years ago.

NO DANGER IN AMERICA.

Quarantine Measures Seem Effective Safeguard.

New York, Aug. 19.—There is not the slightest possibility of the cholera plague spreading to the United States, the quarantine measures now in force here and in Russia being so effective

as to preclude any danger of Russian immigrants bringing over the dread disease.

Dr. Doty, health officer of the port of New York, said today that during the past year persons coming from the infected countries had been subjected to the closest scrutiny.

WOULD RESIST PLAN TO ADMIT OLD CLAIMANTS

McMurray Believes Many Are Wrongfully on Indian Land Rolls.

Sulphur, Okla., Aug. 19.—Aby attempt to reopen the government Indian rolls and admit thousands of claimants to participate in the division of lands now held in reservation will be resisted by the Indians at present on the rolls, according to J. E. McMurray, who testified today before the congressional committee investigating Indian affairs.

Mr. McMurray, whose contracts to sell \$300,000 worth of land on a 10 per cent fee basis is the subject of investigation, told the committee he believed a great many were now wrongfully on the rolls and many were being shut out. But any adjustment of these faults should be done by special legislation and not by opening the rolls. Mr. McMurray was asked concerning the \$750,000 paid him by the government in 1905 as his fee in what were known as the citizenship cases.

Explicits Regarding Big Fee.
"It has been said," explained Representative C. H. Burke, "that you drew the money from the treasury department at Washington in the form of \$750,000 in thousand dollar bills and that you carried them in a valise to a hotel where it was divided between certain persons. Is this the truth?"

"It is not," said McMurray. "A warrant for \$750,000 was handed me. My two law partners and myself then went to the Riggs National bank and upon surrendering the warrant we each received an individual check for \$250,000. That is all there is to these stories as to what was done with the money after it was paid over to us."

W. H. WATKINS IN CITY.

W. H. Watkins, owner of the Indianapolis base ball team, is in the city this afternoon and was a visitor at the ball park, witnessing the games between Fort Wayne and Evansville.

Vince Robbins, of the Shields Clothing store, is visiting with relatives in Terre Haute.

BIG CROWD AWAITED MONTROSE AT LONDON

Communication With Those on Board Prohibited by Officials.

London, Aug. 19.—The steamer Montrose, on which Dr. H. H. Crippen and Miss Ethel Levene traveled from Antwerp to Canada and were arrested on the American side reached London this afternoon on her return voyage. A large crowd awaited the arrival of the steamer, but the authorities absolutely prohibited any communication with those aboard and newspaper representatives who had come to interview the captain, officers and stewards on the Crippen case were rigorously excluded from the ship. Even three representatives from Scotland Yard were obliged to stop at the shore end of the gangway. Captain Kendall, who is given much credit for the capture of Dr. Crippen and Miss Levene, finally came ashore and went, accompanied by one of the officers, to Scotland Yard, where he had an interview with Superintendent Frost.

Newspaper Is Cited.

The court of criminal appeal upon application by counsel representing Dr. Hawley H. Crippen today granted a rule of nisi, calling on the London Daily Chronicle to show cause why a writ of attachment should not be issued for contempt of court.

The alleged contempt consists of a story, printed Aug. 5, suggesting that Dr. Crippen had poisoned his wife. The article declared that Dr. Crippen had confessed or admitted to Inspector Dew, who arrested him on arrival in Canadian waters, that he had killed his wife.

Counsel for Dr. Crippen produced a cablegram from Dr. Crippen denying that he had made any such confession.

WANTS A NEW RATE.

Washington, Aug. 19.—Through routes and joint freight rates between points east of the Indiana state line and interior towns and cities of Iowa are requested in a complaint filed today by the state of Iowa through its attorney general, H. W. Myers, with the interstate commerce commission. The complaint is directed against the Pennsylvania Railroad company and many other lines operating in classification territory.

TWO MORE ARRESTS MADE.

Boston, Mass., Aug. 19.—Two more arrests were made today in connection with the alleged wholesale thefts of wool from the Boston & Maine railroad and various Massachusetts woolen mills. It is alleged the wool thefts will aggregate \$25,000.

DENIES STRIKING CARRIAGE.

Son of Millionaire Asked to Explain Fatal Accident.

New York, Aug. 19.—The police took into custody today E. T. Rosenheimer, son of a millionaire needle manufacturer, to tell what he may know concerning the death of Miss Grace Hough, who was hurled from a carriage which was struck by an automobile going fifty miles an hour. Rosenheimer said he was out in his machine, but denied that it had struck a carriage.

DIES FROM INJURIES.

Ulaca, N. T., Aug. 19.—W. F. Staats, of Rensselaer, the owner and driver of the car that went over a forty-foot embankment near Camden last night killing Mrs. D. W. Calkins, also Rensselaer, died today of his injuries. The other members of the party are not seriously hurt.

WILL VOTE ON BOND ISSUE.

Baton Rouge, La., Aug. 19.—With favorable action in the house on the bill submitting to the voters a bond issue of \$5,500,000 for the Panama exposition the special session of the Louisiana general assembly closed today. Governor Sanders immediately signed the measure. The amendment will be voted on in November.

HARPOON IS WINNER.

Marblehead, Mass., Aug. 19.—The Harpoon, owned by C. F. Adams, II, won the third Spanish-American Souther race off here today. The Harpoon was 2 1/2 minutes behind and the Cliza 4 1/2 minutes. All three American boats being well ahead of the Spaniards.

NOTES OF THE DAY.

London police department last year seized 46,255 stray dogs. Snails have eyes connected with the antennae (the "feelers"). They may usually be seen as black spots, generally near the base of the feelers. They are rather simple eyes, but are certainly of use. How much they can see is not known.

Columbia university is putting up a new building in Amsterdam avenue near One Hundred and Sixteenth street. Travelers along the avenue paused the other day to note the headgear of a husky Irishman who was shoveling dirt into a cart in the excavation. A black mortar board, its tassel dangling, was tilted jauntily over one eye. Some outgoing senior had discarded it and Pat found it an admirable sunshade.—New York Sun.

Among the Roman remains found at Caesars is an object of human interest in the shape of a heap of cherry-stones which was discovered at a depth of eleven feet. Evidently some stern soldier, who hadn't a pipe to fall back upon like our more favored Tommies, had been amusing himself by eating cherries and throwing the stones on one side. All trace of the soldier has disappeared; the cherry-stones remain.—Cardiff Western Mail

HER PHYSICIAN APPROVES

Taking Lydia E. Pinkham's
Vegetable Compound

Sabatius, Maine.—"You told me to take Lydia E. Pinkham's Vegetable Compound and Liver Pills before child birth, and we are all surprised to see how much good it did. My physician said 'Without doubt it was the Compound that helped you.' I thank you for your kindness in advising me and give you full permission to use my name in your testimonials."—Mrs. E. W. McConery, Box 3, Sabatius, Me.

Granville, Vt.—"I was passing through the changes of life and suffering from nervousness and other annoying symptoms. Lydia E. Pinkham's Vegetable Compound restored my health and strength, and proved worth mountains of gold to me. For the sake of other suffering women I am writing you should publish my letter."—Mrs. CHARLES BARTLEY, R.F.D., Granville, Vt.

Women who are passing through this critical period or who are suffering from any of those distressing ills peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

REPORTED SUICIDE

RETURNS TO HOME
Kendallville Man, Who Sent Letter
of His Intention to Drown
Himself at Detroit.

Kendallville, Ind., Aug. 19.—Ellsworth DeLaney, the Kendallville man who a few days ago sent a letter from Detroit to his home here that he intended to commit suicide and who it was supposed had drowned himself in that city, has returned here, alive and well and visited his wife, who has apartments over the Cohen store, Wednesday evening, but left soon after and it is not known where he is.

"He came to my rooms," Mrs. DeLaney said, "about 8 o'clock Wednesday night and asked for something to eat. I gave him a meal and he left soon afterwards. I do not know where he is at now."

Mrs. DeLaney says she cannot understand his strange conduct. He is afraid some harm will come to him. He is heavily in debt and seems to want to get away from his creditors. After leaving the house he again met his wife, by appointment through the telephone, at a point near to the railroad tracks.

She says her husband did not give any reason why he did not carry out his threat of suicide. She believes he repented of it in time to avoid the rash deed and that he now feels that he made a mistake in giving his thoughts publicity. Mrs. DeLaney was afraid of her husband and had not left town since she would have had him arrested.

Biederwolf, Monticello, Ind.

The attendance was particularly gratifying to the committee in charge, being larger than at any session in former years.

OLDEST LUTHERAN CHURCH

One Located Among the Hills in Harrison County.

Lafayette, Ind., Aug. 19.—Rev. Elmer D. S. Boyer, pastor of the English Lutheran church, on Sunday had the honor of preaching in the oldest Lutheran church in Indiana. This church is known as the Mt. Solomon Evangelical Lutheran church and is located among the hills of Harrison county eight miles from Corydon. It is the only Lutheran church in the county and has a large membership. The deed for the ground on which it stands was made seventy-five years ago. The object of Rev. Boyer's visit to Mt. Solomon was to install Rev. Martin Luther Peter, of Verona, O., as pastor of the church.

NOT A HEMPHY PRESENT

At the Hemphy Family Reunion Held at Miami Park.

Huntington, Ind., Aug. 19.—In the reunion of the Hemphy family at Miami park Wednesday an unusual circumstance was noted by those present. In the forty people at the gathering not one was known by the name of Hemphy. Every one, however, was of direct relationship to this family. It is acknowledged for the fact that all the male members of the family are residents of Ohio. The gathering was one of pleasure and all enjoyed the day immensely.

PEPPERMINT FARM.

Fort Wayne Man at Pierceton Harvesting His Crop.

Pierceton, Ind., Aug. 19.—C. R. Brower, of Fort Wayne, is in Pierceton, and in company with J. L. Anderson, with whom he is associated in growing peppermint, is harvesting their crop. The firm has about six acres this season, but on account of just getting started it is not known what the yield will be. This is the only peppermint grown in that locality, and many persons will, no doubt, visit the "still" while it is in operation, especially since this is a still that may be visited without running any risks.

THE "WETS" TO ASK

FOR AN ELECTION

Second Local Option Election in Wabash County to be Held in December.

Wabash, Ind., Aug. 19.—The "wets," the element in this county desirous of again having the licensed saloon, have decided to petition the commissioners to have a local option election held in this county and the date of it will probably be in January of next year. The petition for it will be filed some time in October.

Wabash county was voted "dry" at an election held on December 29, 1908, and it will be the first county in the state to hold its second county local option election. This fact makes it of especial interest throughout the state. The "drys," of course, do not want an election because the present conditions, the illegality of establishing saloons, prevails until a majority of the voters of the county decide otherwise.

It will be a hard-fought campaign. The "drys" will have support from the whole Indiana Anti-Saloon league and the "wets" will have the support of the Indiana brewers and Liberal league.

DEKALB LOCAL OPTION LEAGUE

Will Support Pledged "Dry" Candidates for Legislature.

Auburn, Ind., Aug. 19.—The DeKalb County Local Option League at its meeting held this week re-elected D. C. Williams, of Garrett, as president, and Dr. C. S. Stewart, of Auburn, as secretary for the ensuing year and decided to enter actively in the campaign for the election to the office of representative to the state legislature of a "dry" candidate, naming Capt. L. L. Denison, of Garrett, the republican nominee, as their choice. In a card, issued over the signatures of their office, the league says:

"In view of the well known fact that the liquor men are trying to elect men to the legislature who will repeal the county option law and bring saloons back in DeKalb county, it was decided to support for representative men who declared in favor of the present law. As Captain L. L. Denison is the only man who so declared himself, the league pledges him their nonpartisan support and will use all honorable means to secure his election. We invite the co-operation of all citizens of DeKalb county who are opposed to the return of the saloon."

TEACH IN PORTO RICO.

Warsaw Young Ladies Leave for That Country in September.

Warsaw, Ind., Aug. 19.—Miss Ethel Bacon and Miss Agnes Funk will sail from New York September 17, on the steamship, "Cosmo" for San Juan, Porto Rico, having received government appointments to teach in the schools of Porto Rico. The school term will begin September 25 and will continue nine months. Miss Bacon and Miss Funk recently completed a course in kindergarten work at Toledo, O. They will visit friends at Washington, D. C., and will spend a few days in New York city before sailing. Sixteen other teachers appointed by the government will sail for Porto Rico on the "Cosmo."

HUNTINGTON WON.

Next Reunion of 160th Indiana Regiment Held There.

Huntington, Ind., Aug. 19.—Huntington gets the next annual reunion of the 160th Indiana Volunteer Infantry. This was decided at the gathering held Wednesday at Anderson. Several cities made a bid for the honor. With the assignment of this city for next year, election of regimental officers resulted in the two chief executive places also coming to Huntington. Carl P. Steele was selected colonel and Charles Bucher, lieutenant colonel. They will be in charge of plans for the next meeting.

SENT TO MANILLA.

Auburn Factory Shipped 21 Autos to That Country.

Auburn, Ind., Aug. 19.—The W. H. McIntyre company, of this city, Thursday shipped twenty-one automobiles of the high grade type, all of them two seated models, to Manila on special individual orders received from that country. The McIntyre company has a large foreign country trade and shipments similar to the one at Manila are frequent.

HOOPER SCHOOL REOPENED.

Avilla, Ind., Aug. 19.—Trustee D. W. Eberly, of Swan township, announces that he will be able to reopen school at the Hooper schoolhouse this fall. The school has been closed for a number of years, the children being provided for at Hopewell and Avilla. But there are now enough school children in the district to have the privileges of a school term of their own.

DIED AT AVILLA HOME.

Avilla, Ind., Aug. 19.—August Hesterman, an inmate of the Old People's home at Avilla for the past year and a half, died Wednesday of pneumonia, aged 76 years, 11 months and 17 days. Funeral services were held at the home, and the body shipped to Mishawaka for burial.

STOLE SET OF HARNESS.

Kendallville, Ind., Aug. 19.—Willis Wrenn, a young man employed on the John Koon farm, was arraigned at a preliminary hearing before Mayor F. E. Field yesterday on a charge of stealing a set of harness from William Eckert near Heimer and was taken to Fairfield, the township in which the alleged theft was committed, for trial.

TEACHER IN OKLAHOMA.

Kendallville, Ind., Aug. 19.—Miss Bessie Nelson, who has been attending school at Big Rapids, Mich., this summer, is now at her home in this city for a short vacation before leaving for Chickasha, Okla., where she has accepted a position as instructor in penmanship, shorthand and typewriting in the high school.

Twenty per cent of those arrested were foreigners. Of the 13,824 persons arrested and tried in the justice of the peace courts, 19,536 were fined, 515 imprisoned, 1,015 acquitted and 1,331 dismissed. Thirty-four boys and two girls were certified to juvenile courts. Of the persons fined \$241 paid, \$14 stayed their fines and 1,155 went to jail.

Mr. Thomas Sammons, United States consul general at Yokohama, reporting to the state department, expresses the opinion that Japan's revised tariff will cause much concern to the whole commercial world. The new tariff will replace the revised statutory schedules at their expiration in July and August next year. For the last two years American exporters have been making inquiries of the state department and of American consuls in Japan regarding this tariff. "While it has not been possible to furnish definite responses to inquiries of this nature," Mr. Sammons now says, "it is possible to point out that, barring any special tariff convention with Japan, such as Great Britain, Germany and France have, American imports may be considered as subject to the statutory duties, except as they are entitled to convention rates by virtue of the 'most favored nation' clause."

With defenses completed at all vulnerable points on the Pacific coast and in the Philippines and Hawaii, the United States government is now turning its attention to the east, and Brigadier General Arthur Murray, of the coast artillery, is preparing to make a trip which shall extend from Portland, Me., to the most southerly point on the Gulf of Mexico. His purpose is to determine just what is necessary in the way of additional coast fortifications that it may feel safe from successful attack by any enemy. With this data collected, he will go before the various committees of congress and ask for the needed funds.

It will doubtless require but a cursory glance at the list of attorneys' fees paid in the Indian land cases in Oklahoma, a copy of which has been supplied to the president at his request, to bring Mr. Taft to the conclusion that his own law practice in the old days did not begin to measure up in financial returns with the accomplishments of the newer school of lawyers which Oklahoma has contributed to the roster of the American bar.

Banker Waterman, of St. Paul, who has been sentenced to thirty days in the workhouse for speeding his auto above the legal running limit, is prepared to declare that constitutional liberty has been dealt an alarming blow.

Chicago had a municipal "clean-up" day this week, but it appears to have overlooked some work in the lobbies of its courts which Judge Kersten has valiantly tackled single-handed and alone.

Despite the opposition of Congressman Longworth Speaker Cannon plainly adheres to the opinion that he can "come back."

IN THE THEATERS

MEREDITH NICHOLSON,

Author of "A House of a Thousand Candles," Gives Us a New Play, "The Port of Missing Men."

If you were a man and suddenly the whisper of a national peril came to you so strong, so vivid, that you could not doubt the absolute truth of it, what would you do? This is the situation, the crisis around which Meredith Nicholson has built his story of "The Port of Missing Men." John Armitage, one of Roosevelt's Rough Riders, is the man and the peril that is whispered to him is very real; in fact, it is one that even now is being debated in the secret service at Washington. Armitage rises to the occasion and goes to Washington with the facts he has gathered. There they laugh at him. Cranks are on every corner in our national capital and he is put down as one more of that constantly increasing army. But the man does not give up. Convinced of the truth of his impression he goes steadily to work to gather the proofs which will

force the authorities to listen. It is a long, arduous trail he is called upon to follow, for it leads him away from the woman he loves through hardships, perils and the temporary loss of standing among men. But he goes on alone, single-handed, one man fighting for our country and our flag, and at last—well, the end of it all is one of the most unusual scenes in its dramatic gripping power that has been placed upon the stage. Hugo B. Koch has been selected by the managers, Messrs. Rowland and Gaskill, to portray John Armitage in the dramatization of "The Port of Missing Men," which has been made by Edward E. Rose, and the play magnificently mounted as to scenery, costumes and company, will be presented at the Majestic theater on Saturday matinee and night. It is a lesson in unselfish devotion to our country and to our flag.

"THE LIGHT ETHERAL"

The Spectacular Romance of Christian Martyrdom Opens Three Days' Engagement Wednesday, August 24.

Martin V. Merle, author of "The Light Eternal," a play of early Rome dealing with the persecution of the Christians, which is to be offered the coming week at the Majestic theater for three days, starting Wednesday, has written an uncommonly impressive drama, almost melodrama, when compared with other later-day work dealing with religious topics. He has handled a difficult subject most creditably and his play keeps the auditor alive to its happenings from curtain to curtain. The story is laid in Rome during the reign of Diocletian, when Christians were being put to death on every hand for asserting and maintaining their faith. Marco Valerius has recently won the emperor's medal for declamation and has been made a captain of the royal guard. Artemia, daughter of the emperor, falls in love with him and they declare their tender passions for each other. Corvinus, son of the prefect, to whom the princess has been betrothed by her father, here informs her that Marco is a Christian, and she in her pagan wrath signs a warrant for his death. Later she repents her harshness and folly and pleads for his life before Diocletian, but to no purpose—the youth, in keeping with the spirit of the times, preferring death in the arena to a renunciation of his faith.

"The Light Eternal" has much in common with the more modern plays when viewed from a purely dramatic standpoint. Many of its scenes are intense and its climaxes thrilling in the extreme. Its love theme is dis-

FALL SUITS NOW READY

We placed on sale this morning our complete line of Fall and Winter Suits. Don't buy a light weight Suit—it only means to buy another one in another month. We are showing the most beautiful patterns in grays and browns, nicer than ever before and the most patterns to select from than any other store in Fort Wayne. We have gained a great reputation by giving big value, and we intend to gain a greater one. Remember, we don't try to see how cheap we can sell a suit or hat, but we do not try to see how good an article we can give you for the least possible price. We really sell you a suit for \$10.00 others ask \$15.00 and \$18.00 for, and for \$15.00 we will give you a suit that others ask \$20.00 and \$25.00 for. Now we have the goods to back up every statement we make—come in and make us prove it. We guarantee what we sell.

BUCKEYE HATS AT \$2.00

Have never been duplicated. We have had some try to imitate but none duplicate, either in quality, style or expert workmanship, and a trial of our hats proves it. We have many new styles for fall now ready, all at the one price of

ctly human and is beautifully and delicately blended with more dominant subject of religious faith. The play is gorgeously staged, both as to scenic equipment, mechanical effects and dressing. It is in four acts and the second and third act settings are claimed to surpass anything heretofore seen in the popular priced playhouses—they are, respectively, a rose bower in the royal garden at Campagna and the throne room in the emperor's palace in Rome. It is in this latter setting that an unusually startling mechanical effect is developed. Marco Valerius is brought before the emperor for trial and sentence, and is given an opportunity to save his life by offering sacrifice to the pagan god Jupiter, of whom an enormous statue stands in the center of the throne room. His refusal of this chance so angers Dio-

cleian that the guards are ordered to force him to do homage at the pagan altar. During the entire act there has been a gradual development of a beautiful storm effect, and as Marco is forced to his knees a terrific thunderbolt strikes the altar of Jupiter, shattering it into a hundred pieces. Over the wreckage a blazing cross of fire appears—a sign of Divine favor to the Christians and a rebuke to the cruelty of pagan Rome.

SHOWS THE KNOCKOUT.

The Gans-Nelson Pictures at the Air-dome.

There never was a better motion picture of a fight which so clearly shows the knockout as the Gans-Nelson pictures at the Air-dome this week. The Britt-Nelson pictures were good,

but the knockout took place outside of the range of the camera. The Jeffries-Sharkey and Papke-Ketchel pictures show too much clinching and wrestling. The Gans-Nelson pictures are clear throughout and prove interesting. Another picture that is attracting attention is "His Last Game," a beautifully worked out story of western life. The scenery is delightful and the picture is acted with perfection. The pictures will be seen at the Air-dome for the balance of the week.

The Store That Is Doing Things

MAN WHO GAVE AWAY HIS MILLIONS IS DEAD

David Ranken, Jr., Figured 'in Romance Fifty Years Ago.

St. Louis, Aug. 19.—David Ranken, Jr., who recently gave all but a sustenance of his \$3,000,000 fortune to the David Ranken Trade School, which he

had recently founded here, died yesterday at Atlantic City, at the age of 74. His death is attributed to heart disease and the persistent importunities of beggars, but it may have been the mastery of love that hastened his death. For a somber romance surrounded the life of this man, which he was able to overcome only partially by business activity and application.

David Ranken loved as few men love, and neither the marriage nor death of the one he adored altered his devotion. The girl was Mary Ranken, his first cousin of this city. It was in the late '50s, and she, for a time, favored the suit. But she was won, not by him, but his brother, Robert Ranken. Grief tore the heart of the young man when his brother led his love to the altar, and for sixteen years David lived apart and did not speak to his cousin or his brother.

Brothers Are Reunited. Then Mary Ranken died and at her grave the two brothers stood together.

Bound by their mutual sadness, they were friends again. David made friends with his brother's six children, but this was not for long, for Robert married Miss Nellie Halliday. Perhaps to David the marriage seemed a sacrilege. Immediately he went his own way once more and never again passed a word with his brother. As the years passed melancholy oppressed him more and more.

He went about only in the pursuit of business and the acquirement of a great fortune. He did not make friends and had no visitors at his extremely modest home, 511 North Fifteenth street, where he lived for the past five years. To Mrs. May Hickman, his housekeeper, he scarcely spoke except when necessary.

Ranken made his millions in real estate and speculation. Much of his real estate he purchased in the days when values were low and later sold at great profit. He was a Presbyterian. He was born in Boystown,

County Londonderry, Ireland, and came to St. Louis in 1862.

Mr. Ranken had ideas of his own concerning the practical education of the young and the David Ranken Trade School was the result. He endowed it with all his \$3,000,000, retaining only a modest \$3,000 a year for living expenses. His gift brought him into public notice, and soon piteous, begging letters began to pour in upon him. He had no money to give, and began to worry greatly at the letters.

Church Booths Did Well at Orphans' Home Anniversary.

Although the rains of Thursday interfered greatly with the financial success of the anniversary celebration, of the Fort Wayne orphans' home, the institution will realize quite a nice sum for the event. The dinner and supper were well patronized and the booths, particularly those of the St. John's church and the orphans' home. The receipts from these two were larger than last year.

The public exercises were held in the big hall of the home and it was well filled. It had been intended to hold these in the grove, but the rain prevented this.

Superintendent Ruf was not able to say this morning just what would be the financial outcome of the anniversary, but said they did fairly well, as good as could have been expected on a rainy day.

Social Held Tonight. The ice cream social to have been given last evening by the Emmaus Young Men's society, but which was postponed on account of the rain, will be held this evening.

The Bishop's Lecture. One of the important events connected with Methodist day at Robison park on September 1 will be the lecture in the evening at the First Methodist church of Bishop W. F. Anderson. He is a great platform speaker and will have a large audience. He also speaks at the park in the afternoon. Dr. Frederick Wright speaks at the park in the forenoon.

Rev. C. A. Rowand Coming. Rev. C. A. Rowand, formerly pastor of the First M. E. church here, now of Marion, will spend a few days in the city next week as the guest at the home of Hubert Noble on Broadway. Rev. Mr. Corill is anticipating that Rev. Mr. Rowand will be at the prayer meeting of the church next Wednesday evening.

In Episcopal Pulpit. Rev. E. W. Averill, the rector of the Trinity Episcopal church, will be absent from the city on his vacation for three Sundays, August 25 and the first

two Sundays in September, and during that time Rev. W. W. Daub, a former curate, now spending his summer with friends at Rome City, will occupy the pulpit here and preach the sermons.

Is Acting Directress. Miss Ethel Naylor has been appointed acting directress of the Altar Guild at the Trinity Episcopal church.

Car Load of Plonickers. Although the weather was threatening

when the excursionists were getting ready yesterday to leave Decatur, the Christian church of that city brought a car load of plonickers to this city to spend the day at Robison park.

A HANDSOME ROOF AT MODERATE COST

CORTRIGHT METAL SHINGLES

Cortright Metal Shingles make the roof that makes the house. Not only in protective value is it the best of all roofs, but it is the most artistic form of covering, the handsomest top-piece a house can have, a crowning glory that gives the house an appearance of solidity and worth that at once enhances its value.

Unlike wood shingles—**Cortright Metal Shingles** can not leak, rot, split, curl, burn or fall off. Unlike stone slate—it does not require heavy timber support, or renewal, or leak repairs. Unlike tar, gravel and like roofs, extremes of heat or cold have no effect on it, nor will it be necessary to relay it. **Cortright Metal Shingles** outlast the house. Many of the oldest Cortright roofs are now serving on the second house.

Cortright Metal Shingles are made in four designs—available to all forms of architecture, any of them subject to coloring to match your schemes of painting. They are manufactured by the Cortright Metal Roofing Co., Philadelphia, Pa.

Mr. and Mrs. Ward B. Mayer are going to Warsaw tomorrow to remain a week with relatives. On Sunday Mr. and Mrs. Mayer will attend a reunion of the Mayer family which will be held in the country near Warsaw.

Arthur Glenn, of Quincy, Ill., is expected in the city tomorrow to remain over Sunday, a guest at the home of Mrs. Fred Rush, of West Wayne street. In the evening there will be a picnic party of young folks at Robison park in honor of the visitor.

A party of people who are going to Lake George tomorrow to enjoy a week's outing consisted of Mrs. Emma Hickman, Frank S. Hickman, Mr. and Mrs. Elmer Dily, Mr. and Mrs. Otto Brantzenhofe and son, Miss Dorothy Beauchamp, Miss Lulu Bly.

Mr. and Mrs. F. G. Church, of West Jefferson street, are spending a few days with relatives in Batavia, N. Y., New York City and Wilkesbarre, Pa. At Chautauqua Mr. and Mrs. Church will be guests of the family of J. B.

Cranksaw, of this city who are sum-

mering there. Dr. K. K. Wheelock and his daughters, Mrs. Thomas G. Dilworth, and Miss Ruth Wheelock and her guests, the Misses Wallmer, of Bluffton, went to Winona Lake this afternoon where they will be guests of H. H. Myers at a dinner party Mr. Myers is giving in honor of David Bligham. Mr. Bligham sings tonight at the resort.

For a number of years friends of W. L. Heller, of 1439 St. Mary's avenue, have tried to get a surprise on him. Generally Mr. Heller has proved too good a guesser for his friends to succeed, but last night he was caught unawares and his astonishment as he looked up from the newspaper he was reading, and saw the company of friends was unfeigned. The selection of yesterday was because it was the birthday anniversary of Mr. Heller.

The friends who formed the merry party went prepared to have a good time and they had arranged for piano music and singing which was furnished by the Misses Dittenbaugh and Nettie Brunner. Refreshments had been provided and they added to the pleasure of the company. There were present Mr. and Mrs. George P. Essig, Mr. and Mrs. E. C. Pierce, Mr. and Mrs. L. B. Lindsay, Mrs. Harry Brindle, Mrs. Mary Peck, Master Harold Peck, Mrs. Frank Burnett, Mr. and Mrs. W. N. Heller, Jr., Master Willie Heller, George F. Alehele, Mrs. Mary Dittenbaugh, Misses Flora and Clara Dittenbaugh, Miss Nettie Brunner.

CITY BREVITIES.

An ice cream social will be held Saturday evening by the New Bethel Sunday school, two miles west of Wal-len.

It is expected that Mrs. D. N. Foster, operated upon recently at Hope hospital, will be able to leave that institution within a short time.

Mrs. G. Max Hoffmann is reported to be recovering very satisfactorily from an operation to which she submitted about ten days ago at the Lutheran hospital.

Oscar Tauch, a decorator living at 2626 Redmillier avenue, fell off a scaffolding to the floor, fourteen feet below, at the Emanuel Lutheran church yesterday and sustained serious injuries, including a broken ankle. He was removed to his home.

Fort Wayne friends who desire to attend the funeral of Mrs. Mary Leaming Saturday afternoon at 2:30 o'clock may take the park car, alighting at the Old Mill stop, which is within eighty rods of St. Joe chapel, where the funeral will be held.

Kelsey Family Reunion.

The reunion of the Kelsey family held on Thursday took place in a hall at Roanoke, instead of in the usual place, Swadlow's grove. The rain prevented the outdoors celebration and also interfered somewhat with the attendance, though about one hundred and fifty were present. The guests this time also included a number who had not been present at any previous reunion of the family. Music and other forms of entertainment were furnished for the day and the dinner was something to be remembered for its abundance and variety of good things. When officers were elected for the ensuing year for the Kelsey family society, no changes were made from the preceding year and all who had served were re-elected. F. W. Kelsey, of this city is president, Miss Nellie Kelsey, city secretary; F. W. Kelsey, of Andrews, treasurer; Capt. William Kelsey, city, chaplain and historian; Mrs. Fred Grummond, city, press reporter. Members of a committee on transportation consists of C. H. Platt, Louis Lombard and Herbert Harper, all of this city. A committee on entertainment is composed of E. E. Kelsey, Huntington; Mrs. C. H. Platt, this city, and Mrs. Harold Guthrie, of Huntington. Of the company, those who had not been present at previous reunions were A. W. Kelsey and John Kelsey, of Fairmont, Herbert Kelsey, of Muncie, Miss Ella Wilkerson, of Chicago, Rev. and Mrs. Long, of Cincinnati, Tom and Will Davis, of Centerville, O., and Mrs. O. Harper, of Cleveland, Wash. A reunion of the Kelseys will be held next year on August 18 but the place has not yet been decided upon.

Miller Family Reunion.

At the home of Mr. and Mrs. Peter Waters, at Pioneer, O., was held this week, the reunion of the Miller fam-

ily. Over one hundred and fifty representatives of the family attended. A program of entertainment and a banquet were special features of the day. Christ Miller is president of the society and Mrs. Robert Newlun is secretary. Mr. and Mrs. Charles Fitzgerald, of this city, were among the guests at the reunion.

A Country Party.

Mrs. John Smethers, of 2009 Wells street, entertained in honor of her mother, Mrs. T. H. Fleming, of Washington township, on Thursday, August 18, who celebrated her sixty-fifth birthday anniversary on that day. As many friends of Mrs. Fleming could not be present, Mrs. Smethers asked them to send post card remembrances and the result was a veritable "show-er" of such tokens, seventy-one cards in all.

PRACTICAL BLOUSE.

By MRS. JANE FORD.

690-6 SIZES 32 TO 42 BUST

For separate wear or to combine with a skirt of the same material to form a costume, the blouse pictured is most practical. The pattern is cut in six sizes that run from thirty-two to forty-two inches bust measure. To copy it in the medium sizes requires four yards of twenty-seven inch material or two and three-quarters yards of thirty-six inch goods. When made as pictured, with full length sleeves, three-quarters of a yard of tucked net or of all-over lace will be needed for the lower sleeves. The cuffs and shape yoke band can be of the material braided or of contrasting goods.

This simple model, with the "Gibson" tucks at the shoulders, is a style that is becoming to the majority of women. For separate wear it will be pretty developed in voile, marquisette, chiffon or sheer linen. These materials require silk lining, and a very pleasing effect is obtained when a contrasting color is used. When a tan waist is wanted, batiste, lawn, organdy or India linen will give satisfaction. The yoke, sleeve bands and the lower part of the sleeves could be cut from all-over lace or composed entirely of strips of Val-insertion, joined by fagot stitching. A very pretty and serviceable waist was of black marquisette made over a soft white silk lining. The yoke and

sleeve bands were of white silk heavily embroidered with black cord soutache. The lower sleeves were of white chiffon tucked, and the girdle of soft black silk. Such a waist would combine well with a straight pleated skirt of the same material, draped over white to form a costume.

A dainty and inexpensive waist for a young girl could be made from cotton marquisette in a pretty shade of blue, draped over a pink figured silk moult. Dresden silk could be used for the yoke and sleeve bands and for the girdle.

John L. Stoddard is the great author who so thoroughly compiled a reference library—who has spent so much time on his reference library—who was so intensely interested in being exact about every word in his library—that he stopped his books as they were coming from the press and called off all arrangements until two pages that had been omitted were produced.

Some time ago John L. Stoddard published the Stoddard travel lectures. They are world famous. Incidentally they made him wealthy and made their publisher wealthy, too. So Stoddard went to Rome, Italy, a place now made famous by the Charleston case. There he has been and still is busily at work trying to give the public the best that the world of literature and thought affords.

He was there when the first volumes of his reference library were issued by the Shuman presses, of Chicago. Volumes were sent to him there, and he promptly began reading them through, word for word. He found that two pages had been accidentally omitted, and he quickly communicated with Mr. Shuman, of Chicago, ordering the presses stopped. Mr. Shuman spent \$2,000 trying to convince Mr. Stoddard that the pages omitted, not being of vital importance, need not be inserted at the great expense of stopping the presses. But Stoddard said he had spent years of study on the set of books and that they were so thoroughly thought out that not one word could be omitted.

GIVES ROBBER GOOD SCOLDING; SETS HIM FREE

**Aurora Woman Holds Man
at Bay With Revolver
as She Talks.**

Chicago, Ill., Aug. 18.—With a revolver in her hand, Mrs. J. W. Hunt, of Aurora, Ill., scolded a burglar at her house Wednesday night and then advised him to depart. She suggested that he get some work to do and quit robbery as an occupation.

The intruder listened submissively to the "lecture" and promised to be good. Then he fled into the darkness. Mrs. Hunt was alone in the house, and from a couch on which she was reclining she saw the face of a man at the window. His fingers were pressed against the bottom of the sash and he was trying to push the window up.

She left her couch and hurried upstairs, where she found her husband's revolver. Then she walked boldly down the stairway again.

She had expected to encounter the man in the room where she had seen him at the window. But the room was unoccupied and the window was still down. Mrs. Hunt then proceeded to the kitchen, where she confronted the burglar when he opened the back door.

Mrs. Hunt pointed the revolver at him and calmly informed him that she was not afraid. She told him that it would be well for him to turn around and leave the house. She then shook the revolver threateningly in his face—and she avers she even smiled just a little.

The burglar pulled the soft hat down farther over his eyes and did not make a move while Mrs. Hunt continued talking. When she finished her reprimand and advice he said he would look for another job. He then left as requested.

Genuine \$1 Sea Island balbriggan underwear will be sold at half price during our great sale. Every shirt and every drawer stamped "Sea Island." This is only one of a hundred things we do during our great half price sale.

FIGHT OVER FIRST ALIMONY.
Woman, Suing for Second Divorce, Asks Order Restraining Sale.

Martinsville, Ind., Aug. 18.—A domestic tangle in which the plaintiff has been twice married to the same man and is now applying for a divorce for the second time came to public notice here Wednesday when Mrs. Sophia C. Reeder, of Spencer, applied for a temporary restraining order and injunction to prevent her husband, Owen W. Reeder, from selling any of the crops on land, the ownership of which is in dispute, and from selling any of the farming implements or teams. According to the complaint, she married him in December, 1909, after her first divorce earlier in the year, on his promise of better behavior. At the time of the first divorce he deeded her certain real estate in consideration of alimony, and it is the real estate that figures in the present case.

ANNOUNCEMENT

Is made by Riverview Exposition of Chicago, largest and most famous of out-door parks, of the appearance there for eight days beginning next Sunday, August 21, of the 101 Ranch Wild West. The big frontier amusement organization will exhibit intact and undivided on a level area of several acres inside Riverview's spacious shaded grounds. All the other myriad attractions will not be disturbed.

The record of the 101 Ranch Wild West is unprecedented in the history of the circus. Though but three years old it has appeared in every big city in this country, traveled as far north into Canada as the railroad penetrates and shown its wonders to Mexico City, Mexico. It has twice broken records at the Chicago Coliseum. Its success has been no more spontaneous than enduring. Always and everywhere crowds have flocked to its performance, never seeming to tire of its stirring, unswayed scenes and movement.

The 101 Ranch tournament, from its very nature and source, is different and distinct from anything ever shown before under canvas. Miller Bros. & Arlington, its owners, promise that none of the hackneyed, tiresome, familiar round of other so-called and misnamed "Wild West" exhibitions enters into its roiling, rollicking and reckless displays. It is fresh, clean and wholesome, fairly tingling with the breath of prairie and mountain. There is not a man or woman in it who has not learned the secrets of the border far out in the sage-brush and the prairie and who cannot read the grass and the sky with understanding eyes. The grand entry at each performance is a veritable echo of the plains and the cattle trail.

**PONTIAC STREET TO
BE RUSHED BY
BOARD**

May Resume Work Tomorrow and Certainly by Monday Morning.

Members of the board of works, stated today that the work of completing the paving on East Pontiac street may be taken up by tomorrow and not later than Monday in any event, and when it is once started it will be rushed to the finish.

Complaints have been made to the board and a communication from the residents of the street who have been several weeks without car service was sent to The Sentinel asking that some publicity be given the matter so that the situation might be relieved. The officials promised to give this just as soon as possible.

In the first place the street car company decided after the work was begun to put in a heavy rail and this caused the first delay. When the rail came it was found there were no fish plates and another wait was occasioned. All the material is here and Contractor Trippier has promised to start the work at once.

Will Pump Water Out.
The heavy rains of yesterday occasioned some delay at the Calhoun street railway crossing, where the excavations for the tunnel filled with water and it was necessary to get pumps and pump it out before the work could be resumed. The sewer under the track was opened and this carried off part of the water, but is too high to drain it all.

The digging for the street car track was resumed this morning and the company hopes to have cars running Monday. The last day yesterday seriously hindered the contractor and will make the completion of the task one day later than was anticipated.

WAS NEW JERSEY MAN.

Probing Case of Young American Slain in Bolivia.

Washington, Aug. 19.—It was learned here today that Gustav A. Rist, Jr., the young American who was reported to have been murdered in Bolivia, June 11, was a native of Bloomfield, N. J., where his father resides. The state department has directed American Minister Combs, at Lima, to make

a thorough investigation of the alleged murder.

Young Rist was a mining engineer employed in a mine near the border. According to a letter received by his father from a fellow engineer he was shot in the back by a Spaniard. The motive for the crime has not been disclosed and it is known Rist's slayer has been arrested. Minister Combs, in his dispatch to the state department, gave the name of the alleged murderer as Augustine Hunt.

MR. BOWSER TAKES 2,007 TO WINONA

Turnout at Excursion Largest in History of Oil Tank Works.

TWO TRAINS OF TWELVE CARS EACH

Injured Pennsylvania Men Brought Home—Are Doing Well.

The annual excursion of the employees of S. F. Bowser & Company to Winona today far exceeded in numbers any of the previous excursions, being 2,007. The weather was all that could be desired for an outing of this kind and the events announced were pulled off in accordance with the published program. This included two ball games, one between the Bowser Blues and a Plercetion team and the other between the Bowser Grays and the Winona Grays, and numerous athletic and aquatic contests. But the greater portion of the excursionists assembled in neighborhood or family parties and spent the day strolling through the beautiful grounds, riding on the steamer and row boats and eating their luncheon under the shade of the trees. The two trains were uncomfortably crowded going down to the resort this morning and provision is being made for more equipment for the return trip and it is possible there will be three trains. The first section of the train this morning was in charge of Conductor W. A. Current and Engineer D. Baltzell and the second section in charge of Conductor C. Mains and Engineer Roush. Each train had twelve coaches. The big oil tank plant was closed completely on account of the excursion and operations will not be resumed until next Monday, the employees being given another holiday on Saturday.

ALL PATIENTS DOING WELL.

Victims of Accidents Are Getting Along First Rate.

Last evening Conductor J. P. Haley, who was painfully injured in the Pennsylvania wreck at Plymouth Wednesday night, was brought to the city and taken to the St. Joseph hospital, where he is making rapid progress toward recovery. Engineer Charles Moran, as stated yesterday, was brought here at noon Thursday and is also at the hospital. While the wounds inflicted upon these gentlemen's heads and bodies are painful, they will probably experience the most difficulty with sprained ankles, each having a severe injury of that kind. Engineers Samuel S. Kelker and Clarence W. Miesner, who were injured about the head by being struck by a projecting board as their trains were passing through Dola, Ohio, Wednesday night, came home from the Crestline hospital yesterday afternoon. The injury sustained by each was not as serious as reported and they will soon be at work again.

WILL ERECT BIG STACK.

Next Monday Fred Witte, Jack Stringer and J. G. Lyons will go to Hartford City to erect steel smoke stacks over the power plant of the Hartford City Paper company.

SHIPPING A TUBULAR BOILER.

The Bass company shipped a 125 horse power tubular boiler to Delray, Mich., this morning. The boiler is to be a part of the power plant of the

WABASH FREIGHT WRECK.

A Wabash freight train was wrecked last night at Riverside, Ill., and the road was completely blocked for several hours. As a result of the accident eastbound passenger train No. 2, due here at 5:50 o'clock this morning, did not reach the city until nearly 9 o'clock. It is said that no one was injured in the wreck.

PLUNGED INTO THE LAKE.

The identity of the two men who were thrown out of a boat at Sylvan lake last Sunday and escaped drowning only by the strenuous efforts of some men in a boat, has been discovered through their trial to conceal it. They were Charles Lauer and F. M. Caskey, boiler-makers at the Bass works. Caskey was standing up in the small boat and when Mr. Lauer arose for some reason, the boat careened and they went headlong in the water.

CONCERT POSTPONED.

The Electro-Technic band, which had announced a concert for Wednesday evening, August 24, at Swinney park, has been compelled, on account of other engagements, to postpone the affair. It will be given at the same place on Friday evening, August 26. At the concert in McCulloch park this evening an interesting feature will be the performance of Nelson K. Allen, aged three and a half years, who will direct the band through a popular march with an ability that would reflect credit upon older musicians. Nelson is the band's mascot.

WON THE SCHOLARSHIPS.

The successful contestants for the Frank Thomson scholarships, the examinations for which were made recently, were George F. Wolfe, of Youngwood, Pa., and M. Roy Strong, of Cleveland. With these two young men, eight have so far profited by these scholarships. There are two scholarships issued each year. The first, in 1907, went to W. E. Ruda, of Media, who graduated in June from the University of Pennsylvania. The winners in 1908 were Merritt E. Gill, of Grand Rapids, now in the University of Michigan, and Harry W. Anderson, of Polcroft, Pa., now in the University of Pennsylvania. In 1909 the winners were Benjamin M. Snyder, Jr., of Elmira, N. Y., and Wallace B. Porter, of Youngstown, Ohio. All sons of Pennsylvania employees are eligible to compete for these scholarships, which are valued at \$800 per annum.

PENNSYLVANIA ENGINE OUTPUT.

This is the closing day of the week at the Pennsylvania shops on account of Saturday being field day at Driveway park and the output of engines is not up to the standard. It is as follows: Nos. 7903, 9045, 7113, 134, 7300, 7355, 9288, 7655, 7511 and 672. The latter was "scrapped" having outlived her usefulness.

INDUSTRIAL NOTES.

Fred Engelking, a bolt maker at the Wabash shops, is sick and off duty. Michael Shea, M. Beattie and L. J. Pilkske, Pennsylvania shopmen, will take a vacation next week.

L. W. Sparkman, a blacksmith's helper, resigned a position at the Pennsylvania shops this morning.

Jacob Reiber and George Roembele, of the Pennsylvania shop clerk's office, are taking a vacation this week.

Charles Labmer, employed at the Bass foundry, had a finger crushed this morning while handling car wheels.

Foreman J. R. Kretzinger, of the Pennsylvania planing mills, and Mrs. Kretzinger left last night for Niagara Falls.

P. C. Morganthaler, of the Fort Wayne Electric works, will join his family at Clear lake tomorrow and remain there with them a week.

Chief Clerk William Haas, of the Pennsylvania freight office, will leave tomorrow for Mackinac on his annual vacation. He expects to return September 7.

Tomorrow F. E. Kilfoy, a Pennsylvania boiler-maker, will go to East St. Louis to join his family and visit friends there several days and bring the folks home.

George Flagle, of the Pennsylvania erecting works, will take his family to Berne, Ind., for a visit with relatives. He will return here Sunday night, but the other members of the family will

Hasn't Thought of Coming to Win American Bride, But Nothing Stands in Way.

COUNTESS VON WEDEL, DUKE FRANZ JOSEF AND COURT VON WEDEL.

New York, Aug. 19.—On his first visit to this country, Duke Franz Josef, of Bavaria, arrived here on board the Kronprinzessin Cecilie. The royal visitor who is a man of rather slight but athletic build, with more of an Anglo-Saxon than Continental cast of countenance, was accompanied by Captain Von Lossow, his personal adjutant. He said that he long had been planning a trip to the United States. He observed keenly the details of harbor and city as he came up the bay. "I have been desirous especially of making a trip to the United States," the duke explained, "because of the fact that my cousin, Prince Mikael

Braganza, was so fortunate as to win one of your beautiful American girls for his wife. She was Miss Anita Stewart. "Have I come here in search of an American wife? Well, such a thing had not occurred to me, although it is true that there would be little or nothing to stand in the way of my taking an American wife." The duke was greeted on board the steamship at Quarantine by Count George Wedel, of the German embassy at Washington, who went down the bay to meet his wife, Countess Wedel. With him was Count von Courten, an attaché of the German embassy, who will act as the grand duke's aide.

Miss O'Neill's Seven Trunks Held Up by Customs Inspectors

MISS NANCE O'NEILL

New York, Aug. 19.—Miss Nance O'Neill, Mr. David Belasco's star in "The Lily," which soon will be produced again, ran into the customs net when she arrived on Saturday night on board the St. Paul of the American line, from Cherbourg, and before Collector Leach today the matter of the exact value of her new gowns and her jewelry will be gone into. Last night the seven trunks containing all her traveling belongings were under lock and key in the appraisers' stores. Gowns to the value of more than \$600, and jewels that the appraisers on the pier said were worth at least \$2,000, were held up, all because Miss O'Neill declared but \$200 of goods were purchased abroad.

James O'Connor, deputy surveyor, who was in charge of the customs inspection after the steamship arrived, was notified by the inspectors who examined the first trunk belonging to Miss O'Neill, that the new gowns were bargains if purchased at the price set forth in her declaration.

There was a consultation, and Miss O'Neill firmly adhered to her valuation of \$200. All of her baggage was transferred to the appraisers' stores for a more complete examination and appraisement by experts.

SAY APPORTIONMENT OF SCHOOL FUND IS UNJUST

County Auditors Want Cash
Sent Back Where It
is Collected.

Indianapolis, Aug. 19.—The closing session of the County Auditors' Association of Indiana yesterday was replete with developments especially the action of the association in appointing a committee consisting of Albert Sahn, auditor of Marion county; H. T. Payne, auditor of Vermillion county, and J. P. Nofziger, auditor of Wabash county, to work for the consolidation of the congressional and common school funds, and a discussion by Mr. Sahn of what he termed rank injustices in the apportionment of common school funds among the various counties. All of the old officers were re-elected, and it was decided to meet again in Indianapolis in December for the benefit of auditors elected this fall.

Discussed in All Phases.
The school fund question was discussed in all its phases. That to which Auditor Sahn called the attention of the convention provoked considerable discussion. Mr. Sahn declared there are forty-two counties which suffer by reason of the alleged unjust distribution of school funds. These counties, he said, pay from 5 to 100 per cent more into the fund than is apportioned back to them, while other counties get from 30 to 10 per cent more than they pay. Marion county, Mr. Sahn said, paid into the fund at the last two settlements, \$108,000 more than was apportioned back, and this, notwithstanding that the county and the city of Indianapolis are cramped to the limit in their efforts to provide for their schools. Allen county, Mr. Sahn pointed out, gets 10 per cent more than paid in; Vigo, 20 per cent; Vanderburgh, 25 per cent; St. Joseph, 35 per cent; LaPorte, 35 per cent; Harrison, 80 per cent; Martin, 100 per cent, and Crawford, 100 per cent.

Schools Need Money.
"Every one of the counties which pays more into the fund than it gets back," said Mr. Sahn, "needs every dollar it can get together to maintain its schools. The theory of levying the school tax in one form and apportioning it in another is unjust. We should go to the legislature and ask that the law be changed so the tax can be apportioned back to the counties on the same theory as that upon which it is levied. We should either apportion the fund, on the basis of valuation, as it is levied, or we should collect it on the basis of the school enumeration as it is apportioned. The present method is a rank injustice."

Coming to Fort Wayne.
It was stated that the auditor should aid the County Commissioners' association in its efforts to have repealed the law providing for the working out of road tax. The auditors will attend the meeting of the County Commissioners' association in Fort Wayne, Sept. 23 and 24.

The officers re-elected were Thomas Nugent, auditor of Daviess county, president; W. T. Richards, auditor of Madison county, vice president, and Albert F. Zearling, of Indianapolis, secretary and treasurer.

ROMAN HIPPODROME HEALTH BOARD BARS AT FORT WAYNE FAIR

New Feature That Will Entertain Crowds at the Races.

The Fort Wayne Fair association has been fortunate in securing the noted Roman hippodrome feature that has been creating so much favorable comment in the east. This feature is conducted by Hoagland Brothers, who have in their outfit a number of chariots and other paraphernalia that makes the attraction a show of itself. In former years the waits between racing events have had nothing to help the spectators pass away the time and it is to provide some entertainment during these tedious intervals that the Roman hippodrome has been provided. Chariot races with four horses in each chariot will be one of the events and the time will be filled in with other exciting races. The Roman standing run will be one of these. The noted horse, "Guidesee Wonder," will race unattended against horse and jockey. Tandem races are also on this program, all of which will be put on as something extra and altogether separate from the regular racing program, which, of course, is going to be on a grander scale than ever this year. This thoughtfulness on the part of the fair management is another example of the real energy that is behind the big Fort Wayne fair this year.

DRINKING CUPS FROM CARS

Declares Common Utensils Spread Infectious Diseases.

Madison, Wis., Aug. 19.—As a result of the agitation against common drinking cups, travelers on Wisconsin trains will discover after Sept. 1 that the railroads no longer furnish them. Orders have gone out from general offices of all roads which run into this state that trainmen shall put the public drinking cups now supplied for the benefit of thirsty passengers, in hiding when they cross the state line and not take them out again until another state is reached.

The new system, which is hailed with satisfaction by those interested in the public health, but is likely to invoke criticism from other quarters, is the result of a rule promulgated by the Wisconsin state board of health, which holds that common drinking cups are dangerous and communicate infectious diseases.

Water Tanks Remain.
The usual water tanks may still be found in trains in Wisconsin after Sept. 1, but passengers will have to furnish their own cups.

Some railroad men are not pleased with the Wisconsin board's edict. "This order is the limit," said an assistant general passenger agent of the Chicago, Milwaukee and St. Paul railroad. "You might as well pass a law requiring all citizens to carry drinking cups as to forbid a railroad from offering cups which those who please may use."

BIG LOSS ON BARN FULL OF OATS AND HAY

Philip Dixon Had No Insurance on Contents—Barn Hit by Lightning.

The big barn on the farm of Philip Dixon, of this city, situated six miles south of the city, on the lower Huntington road, in Wayne township, was struck by lightning during the storm of Thursday afternoon and was burned to the ground, entailing a loss of nearly \$2,000 with only \$500 insurance carried on the building itself.

Stored in the structure were twenty tons of hay and five hundred bushels of oats, besides a big amount of other grain stuffs. Figuring hay at the market price of \$15 per ton and oats at 44 cents per bushel, Mr. Dixon is sustaining a loss of over \$500 in just those two particulars. The barn was thirty-six feet wide and fifty feet long and was worth considerably more than the insurance carried upon it.

There was no stock in the barn other than some horses, which were rescued without injury. Mr. Dixon, owner of the property, is a resident of Fort Wayne, living at 1117 Elmwood avenue, and the farm is under the care of a tenant.

Letters from Prominent Druggists addressed to Chas. H. Fletcher.

Mansur Drug Co., of St. Paul, Minn., says: "We are not in the habit of recommending proprietary medicines, but we never hesitate to say a good word for Castoria. It is a medical success."

Hegeman & Co., of New York City, N. Y., say: "We can say for your Castoria that it is one of the best selling preparations in our stores. That is conclusive evidence that it is satisfactory to the users."

Myers-Dillon Drug Co., of Omaha, Neb., says: "Your Castoria is one of the best sellers we have. We cheerfully recommend it to our trade voluntarily at all times, and will testify to its merits at any and all times."

Wober Drug Co., of Indianapolis, Ind., says: "Fletcher's Castoria is an article for which there is no substitute. It is undoubtedly one of the most popular articles on the market to-day and our customers for it are numbered by the hundreds."

Parrish & Bailey Pharmacy, of Los Angeles, Cal., says: "During an experience of over 30 years in the retail drug business we have never found a proprietary remedy that has had such a large sale or given such universal satisfaction as your Castoria."

Theo. Metcalf Co., of Boston, Mass., says: "We have handled Fletcher's Castoria for years and consider it one of the best preparations made. Our sales are continually increasing and everyone of our customers have nothing but praise for Fletcher's Castoria."

W. H. Chapman, of Montreal, Que., says: "I have sold Fletcher's Castoria for many years and have yet to hear of one word other than praise of its virtues. I look upon your preparation as one of the few so called patent medicines having merit and unhesitatingly recommend it as a safe household remedy."

CANNON IS DEFIANT AND WILL STAY IN RACE

Speaker Believes Taft is
Behind Stand Taken
by Longworth.

Danville, Ill., Aug. 19.—Joseph G. Cannon will continue in the speaker-ship race despite Congressman Longworth's declaration of opposition.

Mr. Cannon declared himself last night in a statement for publication. He will go into the caucus as a candidate, no matter how many republican congressmen assert they will oppose his re-election. All he asks is that those who go into the caucus abide by its vote, and he promises to do the same.

Mr. Cannon does not ask any man to pledge him to vote for his re-election if he believes that pledge will be a handicap in the election this fall, nor does he want any candidate for the republican nomination for congress to repudiate his party by failure to enter the caucus.

Cannon Shows Irritation.
That Mr. Cannon was considerably nettled by the dispatch from Beverly announcing Mr. Longworth's opposition was apparent in the afternoon, when a copy of it was handed him. The speaker usually is ready to grant or refuse an interview without a moment's hesitation, but he read and re-read the Ohioan's statement and then dictated and dictated a half dozen statements before he got one which finally suited him.

There is no doubt that Mr. Cannon believes the Longworth statement was inspired by President Taft. He did not say so in so many words, but he intimated as much when he said: "It is time enough to answer the president of the United States if he has any statement to make touching on the republicanism of the speaker of the house of representatives, when he makes that statement under his own hand. I will not fight windmills filled by breezes blown from the lungs of political or personal enemies or cowards."

Speaker Dictates Statement.
Following the reply made to Mr. Longworth early in the afternoon, Mr. Cannon supplemented it with the following statement dictated in the evening:

"The legislation enacted and the record made by the republican party during the eight years I have been speaker speaks for itself. I have contributed what I could toward the enactment of that legislation. I have cooperated with the republican majority in congress in the effort to put on the statute books the policies of the party, and I have no apology to make for the part I have taken in the legislative councils of the nation.

"In the present campaign, so far as I am concerned, I shall do what I can to bring about the election of a republican house of representatives in the sixty-first congress, and without a republican majority in the next house there will be no republican speaker.

In the event of my re-election as a member of the house I shall attend and abide by the action of the republican caucus and, from his statement, Mr. Longworth will do the same, as will every republican member of the house.

Has No Quarrel With Longworth.
"Therefore, I have no quarrel with Representative Longworth as to who shall be speaker of the next house of representatives, and there is no room for disagreement touching this matter between Mr. Longworth and myself.

"If any republican candidate for congress feels that his position as a candidate on the republican ticket would be strengthened by pledging that he will not support me in a republican caucus I have no objection to his making the pledge. The only thought I would offer as to the republicanism of candidates for congress is: Will he, if elected, attend the republican caucus and abide the same in the organization of the house and in the enactment of legislation in pursuance of republican policies?"

With a good cigar tilting upward from a corner of his mouth and with his face beaming with good nature, Mr. Cannon commended with 200 members of the Hundred Thous club last night at a smoker, following a get-together dinner marking the merging of forces with Danville's Commercial club.

Dysentery is a dangerous disease but can be cured. Chamberlain's Colic, Cholera and Diarrhoea Remedy has been successfully used in nine epidemics of dysentery. It has never been known to fail. It is equally valuable for children and adults, and when reduced with water and sweetened, it is pleasant to take. Sold by all dealers.

**WILL AMERICAN WOMEN
"HOBBLE?"**

The "hobble"—that very scant, very straight skirt which has come over here from France and which owes its origin to the very windy, very cold weather which Paris experienced this Spring—has not met with the enthusiastic approval of well-dressed American women, according to Grace Margate Gould.

Miss Gould, the fashion editor of the Woman's Home Companion, states in the September issue of that publication that, while American women like to hear all about these new, very scant, very French skirts, they will insist on their being modified so as to make the hobble and hop unnecessary.

In connection with this article Miss Gould pictures and describes two gowns showing the French idea varied by a practical American touch or two.

If other "so-called" Restorers have failed, don't give up hope, but give WYETH'S SAGE AND SULPHUR HAIR REMEDY a trial. You run no risk. If it is not exactly as represented, your money will be refunded.

PROFIT BY OTHERS' EXPERIENCE

Gray Hair Restored

My hair was getting quite gray and falling out rapidly and I was troubled with a terrible itching of the scalp. My head was full of dandruff, which fell upon my clothes and kept me continually brushing it off. While on a visit to Rochester I heard of your Sage and Sulphur for the hair. I got a bottle and used it. A few applications relieved the itching, my hair stopped falling out and gradually came back to its natural color. It is now a nice dark brown color, soft, glossy and pliable. Several of my friends want to use it, and I want to know what you will charge me for six bottles of it.

MISS E. A. ROSS,
Sharon, Mercer Co., Pa.

Grew Hair on a Bald Head

For two or three years my hair had been falling out and getting quite thin until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly until now I have used four bottles. The whole top of my head is fairly covered and keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.

DOMINION PREMIER WELCOMED BY WEST-
ERN SUBJECTS.

SIR WILFRED LAURIER RECEIVING CIVIC WELCOME
MOOSE JAW, SASKATCHEWAN.

Golden, B. C., Aug. 15.—Crossing the
Great Divide by the Kicking Horse
Pass, Sir Wilfred Laurier, the Dominion
premier, and his party has entered
British Columbia. This province is a
veritable treasure house of mineral
wealth and agricultural wealth, which
foreign and domestic capital in in-
creasing sums is rapidly developing.
Although, as it is in the hands of the
conservatives, it might be designated
as the enemy's country, the welcome
to the premier and his colleagues at
the premier and his colleagues at

Golden and Revelstoke was as hearty
as that accorded them on the prairie.
The cue for this non-partisan cour-
tesy was given by the provincial pre-
mier, Richard McBride, who obtained
a provincial grant of \$20,000 for enter-
tainment purposes and told those who
demurred that it was only the due of
Canada's great man.
At Field the party was joined by
William Templeman, minister of inland
revenue in the Laurier cabinet, whose
home is at Vancouver, by Senator
Bosworth and by Ralph Smith, J. P.
At Golden the party was presented
with an address of welcome and asked
to convey an invitation to Lady Laurier
to visit the town.
After having been in the ministry
fifteen years, the Rev. William W.
Fock, of Winchendon, Mass., has re-
signed his pastorate of the Unitarian
church to become a clerk in a banking
house in Boston.
Missouri now claims the biggest to-
mato patch in the world. It is one
mile long and a third of a mile wide.

"Not one game."

"Vhell, py golly! I have to believe
you if you say so, but I althays thought
he vhas a slippery man. Dot's why
my fadder don't name me Shoorge. I
vhas sorry I believe dot about him if it
vhasn't so, und I go right out und take
it all back. Hum! He vhas square,
und all der time I believe he vhas a
confidence man. Cobbler, I thank you
for putting me next."

Dot man goes out und a woman
comes in. She says she brings two
pairs of shoes to mend, but she talks
about der weather for five minutes
before she says:

"Oh, by der vhay, vhas dere some
excitement around?"

"Dere vhas, mam. All der facts
about Shoorge Washington have come
to light."

She Wanted All the Facts.

"Dot vhas good. I like to hear some
scandals. Tell me everything, begin-
ning at der beginning, und don't skip a
thing."

"Do you know," I whispers, "vhy
Shoorge Washington don't eloped mit
some odder man's wife?"

"No. Tell me quick."

"Because he vhasn't dot kind of a
man. It vhas shust found out, und it
makes der greatest excitement."

BRIGHT'S DISEASE

Late estimates on the per-centage of
recoveries under the new emollient treat-
ment for Bright's Disease are as follows:
Where patient is much weakened and
crises may be expected in from five to
ten days, probably not more than 10% to
20% recover. Where physicians aid with
efforts to restrain fatal symptoms this
percentage is increased. In cases where
patients have from thirty to sixty days of
life the efficiency is very much higher.
Where patients do not wait until bed-
ridden probably three-fourths yield.
And in cases that take the new emollient
treatment on the appearance of the
disease nearly nine out of ten respond.
Albumen Casts and dropsy do not pre-
vent recovery. The point is that the
Renal Inflammation should be attacked
before the heart and physical system are
broken down.

The new emollient treatment is known
as Fulton's Renal Compound. It can be
had in Fort Wayne at the D. & N. Phar-
macy, 624 Calhoun St.
We desire every patient to write us
who is not noting the usual improvement
by the third day. Literature mailed
free. Jno. A. Fulton Co., 615 Battery St.,
San Francisco, Cal. We invite corre-
spondence with physicians who have obse-
rved cases.

"But didn't he want to elope?"

"Not a bit."

"And don't be flirt mit some lady?"

"Not a flirt. I tell you dis in confi-
dence, und don't you give it avhay.
If he could have eloped mit a lady he
didn't do it. He shust stays by his
own wife und behaves himself."

"Humph! I don't see where some
scandals comes in," says der woman.

"Dot's it, mam—dot's it. Dere vhas
no scandal, und dot's vhat makes der
excitement. Dere excitement vhas all
over der country."

"Vhell, I leave der shoes dis time,
but next time I go by der dogoes. If
Washington don't elope I don't care
two cents about him."

She goes out looking mad, but I
can't help dot. If Washington vhas a
square man I can't help it a boovered
years after he vhas dead. Den a tall
man comes in und says he likes a
cement patch on his shoe. Dot vhas
all O. K., und he goes to der front
door und der back door und looks out
und den tiptoes back to me und says:

"Let 'er go, cobbler."

"How you mean?"

"About Washington. They never
fooled me a cent's worth on him.
Have you got hold of some of his billy-
dous to der ladies?"

"Not exactly."

"Did he welsh on his gambling
debts?"

"I guess not."

"Did the enraged husband smash the
door down? Just go right ahead, cob-
bler. I have an innocent face on me,
but I'm up to the game. Vhat did they
pinch Shoorge for?"

A Man Who Is Anxious.

"Dere vhas no pinching. You can't
pinch somebody if he don't do not-
tings."

"Come off! Your sign says dere
vhas great excitement."

"So dere vhas. Some folks say he
vhas a bad man, und some say he
vhas good, und when it vhas settled
dot he vhas square dot makes excite-
ment."

"Und he don't be a welsher?"

"No."

"Und he don't run some con game
und be pinched?"

"No."

"Und he don't steal money nor have
a scandal?"

"No."

"Vhell, I don't have any use for
him und he can go to Texas!"

Der next caller vhas a little wo-
man mit a pair of old shoes. She
comes in in a big hurry und says:

"Cobbler, I have left my baby asleep
on der lounge, und he may wake up
any minute und break all der windows
und set der house on fire. Tell me
right avhay about Shoorge Washing-
ton. Vhat is der name of der woman
in der case? How vhas it found out?
Vhas she married or an odd maid?"

"Dere vhas no woman about it," I
says.

"But dere must be, und don't keep
me here trembling."

"Shoorge Washington, mam, vhas
a square man."

"Yes, yes, but he sold his vote or
something."

"A square man und a good man, und
nobody can say a word against him.
It vhas shust found out, und dot's
vhat makes der excitement."

"Cobbler, I vhas a woman mit a
baby on der lounge, und if you fool
me you never get any more shoes to
mend. Does Shoorge Washington run
avbay mit a girl?"

This One Hit Back.

"Never."

"Den you vhas a fraud, und if my
baby vhas hurt or killed I sue you for
damages."

Der next one vhas also a woman.
She vhas stout und grand, und she
smiles und sits down und makes her-
self at home. Pooty soon, after she
speaks about Taft und Roosevelt, she
winks at me und laughs und says:

"Got the odd boy on a string, have
you?"

"Yes, I find out about Washington."

"Good. You men are not as sharp
as you think for. Got facts, have
you?"

"I have."

"Well, that's vhat I came in for.
I'm always picking up liddle facts.
Give me the whole story."

"Dot story," I says, "vhas dot
Shoorge Washington vhas a square
man."

"I understand. You are all square
men until found out."

"Und he vhas a good man."

"I see. Get along to der racy part."

"Und he married a nice woman und
died regretted. Nobody could be nicer
dan Shoorge Washington."

"No scandal?"

"Shust a good man, eh?"

"Dot vhas it. Dot makes der ex-
citement—shust a good man."

Und dot grand und stout lady rises
oop, picks up der shoes she brings in
und his me a cuff on der ear und
vhalts out!

Young Hadley Knew Why.

This story was told at Princeton
while the trustees were discussing the
renewed offer by William Cooper
Procter of Cincinnati to give half a
million dollars to that university if the
conditions to which President Wilson
had objected were finally accepted.
The application may be made by the
reader.

"The little son of President Hadley
of Yale was playing in the bathroom
the other day," said the speaker. "He
had filled the tub with water und was
sailing paper boats in it. By und by
he was told by his mother that he
must stop, because his father wanted
his bath. He very reluctantly com-
plied und went out on der pavement.
A moment later a total stranger to the
entire Hadley family came along, und
the boy stopped her."

"The president of Yale isn't going
to take his bath today," said the young-
ster.

"And why not?" asked the aston-
ished lady.

"Because," said the boy, "I've got
the stopper in my pocket."—Cincin-
nati Times-Star.

A Youthful Observer.

"If you behave correctly und study
hard, my lad," said the friend of the
family, "you may be president some
day."

"It sounds good," replied the boy,
whose father is a member of congress.
"But I am getting so I haven't much
faith in those political promises."—
Washington Star.

The First Battle.

"So they've quarreled already."

"Yes; he wanted his people for their
first Sunday dinner at home, und she
wanted hers, und both refused to arbi-
trate."—Detroit Free Press.

HOME FROM COLUMBIA WITH RARE COLLECTION OF ORCHIDS.

NEW YORK AND INDIAN GUIDE.

TYPES OF COLOMBIAN MOUNTAINEERS.

New York, Aug. 18.—With a precious burden of many thousand dollars' worth of orchid plants, obtained by Mr. Andrew Benson, of Cromwell, Conn., during a seven months' expedition through almost inaccessible parts of Colombia, the Prinz Sigismund, of the Hamburg-American line's Atlas service, arrived here from Central American and West Indian ports.

Packed with especial care in one of the eight-five crates containing the plants are four specimens of the catleya, of the species epidendrum, a pure white orchid so rare that each plant, according to Mr. Benson, is valued in this country at \$1,000. Mr.

Benson said that from the shoulder of a mountain near the border line of Colombia and Venezuela he looked down upon many hundred thousand dollars' worth of these rare orchids, but that each plant was in such an inaccessible place that he was unable to obtain more than the four specimens he brought back with him.

With a force of forty Indians to cut a path through the dense forests, Mr. Benson, with guides and pack mules, made his way across Colombia from its capital, Bogota, and returned only after many narrow escapes, to say nothing of tribulations that came with the desertion of many of his Indians and the loss of others through death.

Mr. Benson said that if it had been possible to climb the trees to which the orchids attached themselves, it would have been easy to obtain them, but that climbing was perilous owing to the presence of small poisonous green snakes hidden in the foliage.

DIDN'T APPEAL TO SATAN.

Plan to Change Women's Lives Fails in Hades.

THE first assistant specialist in the torture invention department presented himself one bright, warm morning in front of his Satanic majesty.

"Sire," he said perspicuously, "I have invented an entirely new thing—for certain women."

"What is the plan?"

"Unique and effective. I first take a woman and give her nothing to do."

"Admirable! That alone is worth the price of admission," said his majesty satirically.

"I then instill into her mind a secret and terrible desire to have children and a supreme selfishness which makes her shrink from all the consequences—material, instinct versus ease and comfort and all that sort of thing."

"Lovely contrast!"

"Isn't it? Whipsawing. Then I surround her with slaves, who impose upon her at every opportunity."

"Umph! Does she know that they secretly despise her?"

"Oh, certainly. She knows it, and she is obliged to ignore it."

"Ah! That's rather good."

"Then I keep making her change her clothes—all the time—fitting, lacing, tightening. She just can't help it."

"Eternally dissatisfied, always envying some one else and hoping that the next thing will do. I flatter myself that this is deliciously and insistently torturing."

"Oh, you do, do you? Well, proceed."

"I next instill into her an abnormal appetite for food. This tends to make her fat. Fat is her horror. She has nothing to do but eat, and all sorts of dishes are constantly before her. Yet if she does eat she becomes fatter and fatter. Eh? How's that? Your able mind will perceive the continuous mental and physical distress."

"Please don't define the thing. Just give the facts. Go on."

"Well, I fill her with a restlessness. Oh, I can hardly describe that restlessness. It is beautiful. It keeps her up night and day. She is always going, going, never satisfied, filled with envy, wondering whether she cannot find something new and ever being disappointed. Then there are some little touches of my own. For example, I have thought of a plan of making her wear hair, mountains of hair, and of—"

"His Satanic majesty waved him off with a gesture of disdain."

"My boy," he said, "I really had hopes of you, but this won't do at all."

"Don't you like it?"

"Why, you red headed cinder, don't you know that you are about fifty years behind the times? Go and take a cadum bath and see if you can't get some of the cobwebs out of your brain."

NEXT SATURDAY THE DAILY SENTINEL

Fort Wayne's Greatest Newspaper

Will give to its readers another feast of good reading

28---Twenty-Eight Big Pages---28

FULL OF THE NEWS OF THE DAY AND FINEST FULL PAGE SPECIAL ARTICLES THAT MONEY CAN BUY.

Every article by a writer of known ability. Not the cheap boiler-plate kind, but articles prepared especially for The Sentinel and kindred papers, at an enormous expense. There will be something special for every member of the family. We do not care along what lines of higher class reading your taste may run, there will be something for you in next Saturday's Sentinel. Order it from your newsdealer and see. Here are a few of the special departments. Look them over. You will want next Saturday's Sentinel after reading the list:

Making Friends With Hetty Green

A jobless stenographer strikes up a boarding house acquaintance with the richest woman in the world and gets plenty of advice but no help in securing a job. Only tip Hetty ever gave was a street car transfer to one of the waitresses—would not give a hungry street waif a doughnut because another boy was looking and would want one too—worse newspapers for furs. Hetty is \$80,000,000 poor.

Stone of Winsted

An unvarnished account of Louis Timothy Stone, of Winsted, Connecticut, the wizard who has and is furnishing the metropolitan papers of the country with the wondrous nature faking tales. He owns the Tunneling Trout, The Woodpecker who bored the holes in the Switzer Cheese and is the only human being who has ever seen the Great Frog. He tells how the trout jumped out of the brook and stole the worms the hens were scratching. How the hens got even with the fish. Tells of the crow that was hatched by hand and the curly-tailed pigs raised on a battery of nursing bottles. Stone is certainly the king of nature fakirs.

Raising Trout On Hogs' Livers

Edward Hungerford talks most interestingly about James Cruickshank's 5,000 acre trout farm near Big Indian, in a hollow in the heart of the Catskills. Feeds the fish 1,200 pounds of hog liver weekly, secured from the Chicago packing houses. Trouble when the liver car fails to get through. Dr. Needham, down in New Jersey, goes the hog liver one better and breeds May flies to feed the trout in his big hatchery. Both are successful and are making fortunes in the business.

The Widow Wise

This week W. H. Loomis has drawn charming illustrations of the dashing widow while the verses of Paul West, descriptive of the courtship and rejection of the rising young legal light Blackstone Smith, are in his best style. "Who cheats at cards would cheat at love," exclaims the widow, and Mr. Smith passes into the widow's class of has-beens.

The Girl Canoe- ist and Her Summer Craft

A page for misses handsomely illustrated descriptive of this pleasant sport for girls. How to equip your canoe and how to handle it are some of the pointers, as well as advice to every canoe girl to learn to swim and how to dress for canoeing. Suggestions for a dower chest, a talk on social amenities for the school girl and how to make bonbon cups from napkins are also included in this popular page.

Skibby Turns the Judge's Trick

This week there is an illustrated page telling the story of how Skibby, the little juvenile court hero, saved the record of his friend, Judge Dugane, who was absent on his wedding trip. The judge's political enemies taking advantage of his absence, tried to ruin him. Skibby excited the judge's friends to action, and with the help of a bright young newspaper reporter, injected surprising evidence into the case that rattled the opposition and compelled the judge on the bench, who was an enemy of Judge Dugane, to rule in his favor.

Sally Prue Makes Friends

Sallie Prue is fast becoming accustomed to the comedies and tragedies of life in a great city. The girl from back home has had one or two startling adventures, and in this installment of her story as told by Elsie Williamson, she dips still deeper into the sea of life. With all her experiences here Sally Prue remains the same artless child and keeps herself uncontaminated from the influences with which she necessarily comes in contact in a big city.

A Game for a Girl

By H. B. Marriott Watson. An episode in the life and fortunes of Richard Ryder, otherwise "Galloping Dick," sometimes gentleman of the road. He meets the miser's daughter, together with her lover, the young schoolmaster, at the inn of the "Green Man" in Shrewberry. He hears the story of their love and of the ill treatment of the girl by her money-mad father. He afterwards meets the father on the road, robs him of his gold and plays him a game of dice for his money staked against the girl. "Galloping Dick" wins. The disposition he makes of his prize.

Uncle Mun

A full page colored comic showing how your Uncle Mun saved the ship from the rocks and made a balloon of it. One of the best comic features of the day. On the other colored comic page we will tell you of the Luny Lyrics of Lulu, and the experience with the Cunning Gook, while Jack and Jill have some more startling adventures in Fairyland with the Cat and the Fiddle, Dog Tray and Puss in Boots.

Their Own Veteran and In the Nancy Bell

Two delightful stories on the boys' and girls' page this week. How others than Betty came to appreciate at his true worth Grandpap Jones, the dear old veteran of the Civil war.

The children play at taking voyages in the Nancy Bell, an old ferry boat that had been abandoned and was lying in the orchard. What they found that gladdened the heart of Dennis, the ferryman.

Every Railroad and Shopman

Should read the Shop and Rail page. There will be something there to interest you. All the news and gossip of your place of employment.

S.S.S. CURES OLD SORES

S.S.S. cures Old Sores in the very simplest way. I just goes into the place open. Then the sore or ulcer, which has been keeping the place open, receives nourishment and healing properties from the blood. Instead of irritating, disease-laden germs, S.S.S. suggests diseased blood. The inflammation, discharge, discoloration, "fash" around the ulcer, and the fact that it resists every form of local treatment, and even returns after being removed by surgical operation, indicates to what a great extent the blood is polluted. S.S.S. removes every trace of poison or infectious matter from the circulation and makes the blood stream pure, rich and healthy. S.S.S. reaches hereditary taints, and those who are suffering from an old sore, which came without any apparent cause, could not do better than take a course of this great blood medicine to remove the inherited taint. S.S.S. cures old sores for the one simple reason that it purifies the blood. Book on Sores and Ulcers and any medical advice free to all who write.

EASY

Comptroller of the Currency recently ruled that he would not authorize a new national bank to begin business until he should be convinced that the men owning the stock of the bank were in such financial condition as to render it possible for them to readily pay an assessment upon their stock if the necessity ever should arise.
The present comptroller is "onto his job" all right. In taking this position he has hit the nail squarely on the head and covered a weak feature in many banks.
It is an easy thing for the German-American bank to qualify under this requirement. Its capital stock—\$250,000—is divided among 251 of our most thrifty and well-to-do people. If necessity required they could pay an assessment of 100 per cent. without batting an eye.
Where can you find a better place to deposit your money than in the savings department of this bank? The deposit will draw 4 per cent. interest and be protected by all the safeguards of the national banking system.

BOARD OF WORKS ROUTINE.

Members Dispose of Grist at the Mid-Week Meeting.

At the regular meeting of the board of public works last night a petition signed by 300 residents of Bloomington and Nebraska for an opening under the Nickel Plate tracks at some point at either Osage, Center or Cherry streets was received and the civil engineer ordered to look over the ground and prepare plans, after which a conference will be held with the railroad officials.

There will be no more sidewalk contracts let for completion this year. Scarcity of labor is given as one cause and the contractors have as much in sight as they can finish. Plans were ordered for walks on Mary street.

A contract for cement walks on Calhoun street from Darrow avenue to Rudisill avenue and for grading the street was awarded to Derheimer & Co. at 66 cents per linear foot for the sidewalk and 21 cents for the grading. The Moellering Construction company bid 74½ cents and 17½ cents.

Bids for cement walks and grading on Harrison street between Darrow and Rudisill avenues, were taken under advisement until Monday morning. The Moellering Construction company bid 73 cents per foot for sidewalks and 63 cents for the grading, and Derheimer & Co. bid 78 cents for sidewalks and 62 cents for street grading.

Assessment rolls for paving Berry street from Clinton to Barr, and Nelson street from Berry to Jefferson, were confirmed.

A petition for sidewalks on Barr street from Lewis to Holman was held over.

Sixty-four property-owners remonstrated against the vacation of Clay street from Wallace to the Wabash tracks. This portion of the street was to be devoted to the use of the Wayne Auto Axle company for a factory site.

There is a Wonderful Difference

between the light afforded by an ordinary carbon incandescent and the brilliancy of our new General Electric MAZDA lamp. The latter radiates two and one-half times as much light with the same amount of electric current.

A 40-Watt MAZDA Affords Twice the Light

of the 50-watt carbon lamp now in general use and costs one-fifth less to burn. We recommend its use to our customers as it more than cuts their light bills in two, making electric light so inexpensive that no home, however humble, and no store, however small, can afford to be without it.

Ask us to show you the new General Electric MAZDA lamps and clusters.

"If It's a Good Thing, Seavey's Have It"

USE IT WATER COOLERS

Made in eight sizes to fit any bottle. Insulated with granulated cork which prevents sweating and insures slow melting of the ice. The cooler contains black tin coil pipe, through which the water passes, preventing the unsanitary condition of water with ice in it. It drains automatically and is absolutely germ-proof, serving at all times a cool, clean drink. They are sold from \$7.00 to \$25.00 each. We invite you to make a careful inspection of this household necessity. We have a complete line of these and are in position to deliver them at a moment's notice.
